Mentions my ISP and is threatening me to remove a neutral rep. Says 60 seconds. I'll see you guys in 5-30 minutes when the boot expires.

Anything that can be done about this? I don't want to be booted off by some skid that threatens to Ddos people who neg or neutral him.

Mr Meeseeks - June 18, 2016, 12:28 pm

You could just call your ISP and tell them to reset your IP address, or do an IP release and renew.

I have ran into many kids who have threatened me with a DDoS, but I just say do it. It is usually just some sort of scare factor, but even if they do decide to do it you can easily fix it.

Riyu - June 18, 2016, 12:29 pm

Just forward the PM's to Omni and im sure he will handle it.

Mr Meeseeks - June 18, 2016, 12:32 pm

You could also try tracing the DDoS pings and getting him back, just PM me if you need help with tracing pings, or follow the guide here.

Stomedy - June 18, 2016, 12:39 pm

If you change your MAC address he probably won't be able to dos you.

Poochyena - June 18, 2016, 12:45 pm

On my phone data and offline. I'm going to forward the PMS to omni as suggested and call my ISP. Thanks for the help guys.

Mr Meeseeks - June 18, 2016, 12:45 pm

No problem man, that's what we are here for.

Are you slow? lol.

DDoS attacks now a-days are sent through amplification with spoofing.

It's literally impossible to find a "trace".

Btc. is looking at the thread lmfao.

Just ignore him, he probably gets off on trying to wind people up on the internet. It's not as if he is gaining anything from his actions, just wasting his own time.

I am crossing my fingers that everyone who ever paid you in PayPal issues a chargeback as soon
as you're banned. That would be the perfect karma. Get lost kid.

Neither do I, unless I'm dealing with people I've known for ages.

Listen, clearly you're like 12 or 13 so it's safe to assume anything that comes out of your mouth is unimportant and unintelligent. Can you do us a favor and just leave? You'll be banned by the end of the day. No reason to stay here kid.

Lol you say "no, I'm not 12" and then say something that proves you're immature as fuck. So if you're an adult, you're a loser. To be honest, at this point I would have more respect for you if you had just said you were 12.
