I'm few years late playing Dead rising 3, but it's one of the best games I played in a long time. If you haven't played it yet, you need to check it out. Really fun game especially if you like zombie games.

3 years late, still an amazing game in 2016 standard. I haven't tried online yet. But single player so far is fun.

Definitely pre ordering dead rising 4

I bought it on steam, Sadly laptop couldn't run it so I spent the next 8 hours watching YT vids on gameplay.

I've been meaning to purchase this game too. Loved the first and second one but never tried the third one in the series for some reason.

I didn't like the first 2. Didn't play much of it. But found it boring to play at the start and gave up. Number 3 is so much fun and I'm only chapter 3 of 4

After I complete it, I'm going to play dead rising 1 and 2 and pre order the 4th

Yea, they said we wanted even more zombies; i have was like how the fork am I supposed to kill all the zombies in three. So since we as a community wanted even more zombies then before I can't wait to see what they have in store for us. But lets get real we all want a new left for dead.
