Hello, I'm kind of new to this forum and I want to know if when you buy one of this packages is it like a monthly subscription or is it lifetime? I looked on the rules and I couldn't find anything. Much appreciated replies :)

It is lifetime, not monthly

But expect 50 more replies saying the exact same thing.

All upgrades are a lifetime subscription.

Expect 50 more replies saying the exact same thing.

The Kraken - June 22, 2016, 6:54 am

Only 1 time payment.

So it is lifetime if that is the good word for it.

?Opulence - June 22, 2016, 6:55 am

You only need to buy it once, then you have it fo life.

Expect 50 more replies saying the exact same thing.

?Kill? - June 22, 2016, 6:55 am

The payment is one time

Expect 50 more replies saying the exact same thing.

Anyone can buy L33T

You have to be approved to buy UB3R by the site owner Omniscient

I'm not sure about Ep1c anymore but I think you can buy it with BTC now?

These are all one time payments with no refunds so try not to do anything stupid if you purchase any of these upgrades.

No problem, I noticed no one was actually answering the question properly lol.

Good luck on your adventure on this forum.
