Your rep..

Appears that you are a scammer and used stolen funds from a paypal account.

Probably because of your rep... it's awful.

RIP your great product I own

I doubt its cos of your rep... why would Omni decide to act now on something that happened 3 or 4 years ago? I think it's a more recent issue, did you send him an unwanted PM perhaps? Or maybe you gave an invalid rep that counted as rep abuse. Try to remember.

All my rep dissapeared after it said it was closed i was 85+ in the green like a hour ago

Thats the thing dude all that was in 2011/2012 when created buggy programs and they didnt close, so skids posted virus and it went downhill i came back a year later and sold some products got one bad dispute where someone didnt like my product and charged back and screwed me,

I just want to know why?

You should log out and use the contact form. You will probably just get closed again.

You will have to wait for Omni, he is the only person who knows what happened. Good luck anyway!
