You are not allowed to release personal information of a HF member, I recomment you blurring the email out.

You're allowed to post personal information in screenshots for deal disputes, you just can't post personal information in text form.

I'm not leaking an ebook. I was told the methods consist of leakedsource and my method which I told you. You're a rip-off.

Don't sell a fucking method if you can't afford to refund the people who confirm it doesn't work. "He wanted a refund but I don't do refunds."

These type of methods are written up in seconds to make a quick \$.

He wanted a refund because it didn't work for HIM as he never said he was using a web based cellphone spoofer.

Regardless that wasn't the actual method anyways.

Yeah yeah whatever. Funny how two of the "vouches" (aka shit posts) are exactly the same, with the same mistake. Not like you asked them to post a specific message, right?

Are you dumb? There's a difference between jacking & securing? I asked how to SECURE not how to JACK. Like you literally make no sense at all.....AND AGAIN DOES THE METHOD REVOLVE AROUND SOLELY WHAT YOU SAID? NO IT'S LITERALLY ONE SENTENCE

which I already knew.
