Profile: <https://hackforums.net/member.php?action=profile&uid=2974209>

trade was regarding 3M 07GP for 1.20\$/M

Proof of deal

Clearly told OP to check his PM and he read it, it was my BTC address sent to him.

Proof it's him and he accepted.

And I don't think he learnt his lesson? See, these are the people who get nowhere in life right now his mum's shouting down to him in has basement telling him to come get his cereal.

Herbert - June 26, 2016, 6:35 pm

LOLOL he is trying to scam some more by browsing the market place continuesly seeking to score some more.

sending messages whenever he sees something scam attempt worthy, this is actually entertaining to watch.

poor guy.

He just saw the reputation I gave him

I wonder what he's thinking rn, even though I bet he seen the DDD PM before all that.

Update:

apparently I gave it to him for free, when I clearly stated to him to read his PM.

Just because I said I don't have any meaning for it, doesn't mean it's free lol.

This is actually comedy. I saw his thread in the Virtual Goods section and saw that he scammed you and tried pulling it off like you gave it to him for free. Lmfao, what a joke.

Herbert - July 10, 2016, 7:05 am

Another name change implemented, BK 50 deep.

Keeping this updated if it happens again.
