Thread: [\(everyone\) Free TS3 Servers -No Ads - Upto 1000 Slots for free - self opening !](#)

Lufasu - June 26, 2016, 7:26 pm

Hello guys :)

i am a partnership with an website that giving you free teamspeak3 servers .

Features -

No Ads - we will not put or will make any ads or annoucments in your teamspeak .

- You are able to change everything on your teamspeak , name , information , slots etc.

- Guarentee uptime .

- Fully free service , its cost free to open.

- Simple DDOS protection

- Admin panel that you can manage your own server , shutting down , reset , generate key ETC.

You cannot change the teamspeak address .

How does it works -

Go to this [site](#)

Click on 0.00\$ package .

Signup , fill the information required (no any private information required like credit card paypal etc)

- Choose your teamspeak slots that you want to host

- Click on order

- Taking up to 30minutes to the teamspeak to setting up .

- You will be redirected to your admin panel to generate privilege key (admin token)

- And wallah , you got your new teamspeak server your own , no ads , nothing !

If you need any help please contact me on PM or steam -

??

Edit -

To get your server ip port please do after this guide -

- go to the site and you will see this button - <http://prntscr.com/bli240> (services)

- Click on "My Services"

- You gonna see your free teamspeak user . <http://prntscr.com/bli1sc>

- Click on "View Details"

- and you will see there your admin panel - <http://prntscr.com/bli2au>

- There is an IP and PORT so its goona be like that - IP:PORT

127.9.9.9:0000 (Example)

-----EDIT #2-----

Checkout button probaly seems to be bugged.

after you fill your register information go back to this - gaslings.com

and click on _ - click here for gaslings hosting - after you will be redirect and you will see your account has been created

or just if its being stuck for you after you click - Complete order - just click on chrome this button -

<http://prntscr.com/bli6ap>

then you gonna get back to page and you gonna see upsite that you are logging in :)

Wow man thanks a lot for this really helped!

Gary - June 26, 2016, 7:27 pm

Good luck, I don't need a server personally but if anyone does don't be hesitant its free.

Tried it, the server shut down like 2 times in 5 hours. No idea if they're experiencing some issue now, maybe i am just unlucky.

(Even now my teamspeak server is not avaiable)
