Thread: [Scammed \\$45 BTC | Reselling Public Methods | Aecy UID = 2828858](#)

Nysta - June 27, 2016, 3:26 pm

Scammers profile: <https://hackforums.net/member.php?action=profile&uid=2828858>

This will be set to resolved once I receive the private updated bonus. methods or a full refund.

So a while back I purchased resale rights for an ebook off of Aecy. Everything was fine until I was notified by another user that the bonus methods within the ebook were the same as his & public. I was shown proper proof and upon confronting aecy he decided to put the blame on others and began all this random non-sense.

Here is his response upon me confronting him:

[img]http://image.prntscr.com/image/5256162416ce4c8cbeca71de35f94e5d.png[/img]

He then suddenly changes his mind upon me confronting again asking for the new methods:

[img]http://image.prntscr.com/image/38faf4a136f64286bc84e46e7485cd83.png[/img]

When is this kid gonna learn. He just messaged me via skype group that he would send me the methods via pm and he still hasn't

[img]http://image.prntscr.com/image/d14b8dfc66cf4ec7b2259ddf4fd62f7f.png[/img]

you should be ashamed of yourself i cant imagine the countless other innocent users you have scammed.

[img]http://image.prntscr.com/image/70edf8c8834a4a2f87cda3e179774cb9.png[/img]

I'm tired, tired of waiting and putting up with this non-sense. He says he will fix it but at the end of every convo ends up flaming me. Hopefully this scam report will allow for some progress.

V For Vendetta - June 27, 2016, 3:30 pm

I was in the group convo when this went down. Aecy should either refund or replace the methods.

Wyatt Garcia - June 27, 2016, 3:30 pm

Actually guys:

Im not reselling public methods.

This user bought my eBook for 45\$, which included 3 bonus methods. I did not remember that Billie Joe had same BONUS methods as the eBook haves which Nysta says.

I've told to Nysta that I will rewrite them, I already have them but this guy does not even wanna discuss about it. Acts like a 12 year old.

Im not reselling public methods, this user is talking shit. I sold him the method for 45\$, which included 3 bonus methods which are same as Billie Joe haves.

Talk more shit and open dispute when you dont even wanna resolve this.

EDIT: You seriously think I would refund you, when you're crying over 3 BONUS METHODS? bonus methods. That I'm willing to change for you, but you dont even wanna discuss about it with me. Ive sent you messages on skype asking questions but you've blocked me and you're not willing to unblock me.

Also yeah the methods were same, I did not remember I gave out the same methods to billie because that was loong time ago.

Nysta - June 27, 2016, 3:35 pm

Your story is not straight here. Your saying you sold rights to another member & over here u say they are already public. Both don't help you in any way? You can't resale rights twice idiot

Yes I sold rights to another member, and by public I mean they were leaked some time ago. I did not sell resale rights twice, you idiot.

I sold completely different method to him, and 3 bonus methods. Then I sold my method to you, and 3 bonus methods. Did not remember they are the same.

Just bullshit. //User does not wanna talk with me on skype / hf pm, so I think this will never be resolved <3

And user is talking shit again ^

I sent PM to this user, and sent him bunch of messages on Skype. Then I tell him on skype:

"YOU ARE NOT EVEN ANSWERING ME, CAN YOU ANSWER ME?"

then I say: not gonna resolve this and this kid takes screenshot from that?

Of course im not gonna rseolve this when he does not answer me, he does NOT wanna resolve this. Just idiot user.

Pathetic.

A false dispute, nice work getting your bump buddy to come on here & back you up as well. This will remain open until I receive non public methods. How is this a fake dispute when your the one who admitted yourself to selling me public methods? And then you also said you sold methods to another user? Get your facts straight.

That does not change the fact that these methods were public though? It's literally completely irrelevant. Anyways I'll be waiting on my non public methods.

And tldr is not my bump buddy? I havent got single bump from him. I have actually proof that ive sold resale rights to him & MANY other people and you're the only guy crying here. Childish 14 year old.

You're acting like the 3 bonus methods are the full ebook.

Edit: I dont wanna resolve this, Nysta is acting like fucking 14yo here, and making false reports

here.

He is really thinking that the bonus methods were the full ebook.

Added him to my ignore list, what a fucking retard.

I know it's normal for you to swear at business patterns uncontrollably and sell low quality stuff to innocent users but that's not the norm. You told me everything here was high quality yet you are giving me leaked methods. I am still waiting...

This user said he has methods ready but then sends me a pm asking these questions. Seems to me that he was just gonna send some more public methods over that weren't billie joes

I dont understand how is this dispute fake lmfao?Because you're saying that this is a scam report. I did not scam you? This is invalid scam report.

And you're again thinking that the bonus methods are the full eBook.

I gave you BONUS methods, and you're making a SCAM REPORT because they were the same as Billie Joe's.

You're just fucking retarded kid who is lying.

This is my last reply to the thread, I dont even care. User is seriously a 14 year old who is acting so fucking childish.

So just because they are bonus methods it suddenly makes it right to resell them to 2 different users for money.

It's been a while since purchase and all I have received is disrespect and this non-sense. He literally said he had the bonus methods ready. Obviously was trying to send me some more public methods lmao. If he really did have them ready he would have quickly sent them to prevent the deal dispute so it's quite obvious that he is just lying.

To any of aecy's customers I'd highly suggest not going near this guy, this is what your gonna end up with.

He's not involved in this so your point is basically invalid in all ways. Stop defending your butt buddy, I thought all was well with the deal too until I was told by billie joe that this skid used public methods and sold them to the both of us
