Hey guy, I've been wanting to increase the number of people I game with and I figured what better way to do it than to create a group!

The Details _____

Reason for group:

To chat and to have fellow HF members to game with on any console or PC!

How to apply:

PM me your Skype and I will add you to the group message!

Rules:

1. No spamming the Skype group chat!
2. No open scam reports!
3. Stay active!
4. No drama!
5. Have fun!

Breaking these rules will result in you being removed from the group!

Happy Gaming
