ReLIFE

Synopsis courtesy of MAL

The story follows Kaizaki Arata, a 27-year-old jobless man, who fails at every job interview he had after quitting his last company. His life changes after he met Yoake Ryou of the ReLife Research Institute, who offered him a drug that can change his appearance to 17-years-old and to become a subject in an experiment for one year. Thus, he begins his life as a high school student once more.

Was looking at this one as being one of my favourites for the season. Lots of good shit this summer, specially when I wasn't really into last season.

Esdese - June 29, 2016, 4:46 pm

Probs gonna start watching this when it's complete, looks like it'll have annoying cliffhangers.

ankitkhosya - July 1, 2016, 1:48 am

i am thinking about the movie 17 AGAIN .. seems too similar.

this might be a good show cause the storyline is decent enough and the studio also.

CorrosiveBlueberry - July 1, 2016, 6:16 am

It is so good really, i've watched all 13 episodes so far and i have to say, every episode has been good and many have had cliffhangers. I love it :) i'm very glad that it turned out to be a 25 episode series.

EDIT: GG: GG: i didn't read the post at all , one bit thought you were talking about re:zero lmao im sorry.

The institution is famous for its "Shokugeki" or "food wars," where students face off in intense,

high-stakes cooking showdowns.

As Souma and his new schoolmates struggle to survive the extreme lifestyle of Tootsuki, more and greater challenges await him, putting his years of learning under his father to the test.

Wait, isn't that the description for Shokugeki no Souma?

Angel is lowkey obsessed with food the fatass, so it doesn't surprise me he made this mistake.

Ang?I - July 1, 2016, 1:58 pm

For anyone wondering, the entire season aired today and is available on Crunchyroll.

Really like this one i'm happy they dropped all the episodes!

Hunting Rifle - July 1, 2016, 3:11 pm

A certain anime subbing group who "do not rip their shows from Crunchyroll or the likes." already has this available.

Altera - July 1, 2016, 4:15 pm

Just finished watching all the EPs, it was pretty good imo.

What do y'all think about the Series? You can find the full series on

<http://moetube.net/watch/6692712/relife/1>

I personally think it's amazing. The characters are 3 dimensional, and the anime really embodies what being a high school student in the 21st century is about. The anime details the struggles students often face such as insecurity, romance, and friendships without falling into the generic moe

slice of life tropes that have become ever so prevalent in today's anime.

Happeh - July 1, 2016, 7:54 pm

So I binged watched the full thing like an idiot, some small spoilers ahead for the series but nothing serious:

Spoiler ([Click to View](#)) I liked it overall but it fell flat to what it could of been. There were obvious plot points that were thrown in your face throughout and it felt a little shoddy with the writing. I felt it strayed too much from the protagonist and his main story too - instead it revolved around those next to him - which i would be okay with if Arata would have just had some more airtime. Finally it's one of those shows that had too much content thrown into just 13 eps. An ova is seriously needed to tie things up (or maybe the manga goes beyond the ending) but for now it left with an ambiguous and cock-teasing ending which was disappointing to the max. Felt incomplete.

Overall I guess it's a 6/10 from me, a little above average but overall not high up there. It started off so good but just slowly got a little too much for itself.

Hunting Rifle - July 2, 2016, 2:13 pm

Only real complaint from me is the ending, the rest was better than most other series.

I hope there will be atleast a season 2, as i can't be arsed to read the manga.

Speaking to my cousin who has read the manga - its only just ahead of the anime but only a side character has had some developments, not the main. Still shitty, you can't rate an anime as a complete series when it leaves itself so open. Poor really.

Irresistible - July 2, 2016, 4:06 pm

Probably will be watching this tomorrow, looks good. :)

Hunting Rifle - July 2, 2016, 5:50 pm

If an anime doesn't have an ending you should give it a score based on everything you usually do minus the ending. And then take your score and subtract 10 from it.
