Amanchu!

Genre: Comedy, School, Slice of Life  
Studios: J.C. Staff  
Air Dates: July 8, 2016 - ???

Synopsis courtesy of MAL

Hikari Kohinata is a cheerful 15-year-old girl who lives near the ocean and she spends much of her time diving as a result. On her first day of high school, she meets a teacher who also likes scuba diving. There's also a 16-year-old classmate, Futaba, who gets dragged along in Hikari's maelstrom as soon as they meet at school. Most of the manga so far details the relationship between the two girls, which quickly seems to move into romantic two girl friendship-territory.

I like stupid slice-of-lives but get why people don't. The humour in it looks great so really looking forward to it.
