91Days

Genre: Drama, Crime

Studios: Shuka

Air Dates: July 9, 2016 - ???

Synopsis courtesy of MAL

During Prohibition, the law held no power and the mafia ruled the town.

The story takes place in Lawless, a town thriving on black market sales of illicitly brewed liquor. Avilio returns to Lawless after some time away, following the murder of his family in a mafia dispute there.

One day, Avilio receives a letter from a mysterious sender, prompting him to return to Lawless for revenge. He then infiltrates the Vanetti family, the ones responsible for his family's murder, and sets about befriending the don's son, Nero, to set his vengeance in motion.

Killing brings more killing, and revenge spawns more revenge. How will the 91-day story of these men guided by a tragic fate end?

I agree its already on my summer list for me to watch

Happeh - July 10, 2016, 7:30 pm

First episode was pretty intense. The cinematography in this is beautiful by the way, really good to watch for anyone interested in directing etc. Otherwise was good and action packed, wish it was

longer.

ankitkhosya - July 10, 2016, 10:13 pm

after 1st episode , this seems like a combination of durarara and baccano, just without the comedic impacts.

Nine - July 11, 2016, 11:42 am

Might watch this and continue it if it's as good as Baccano.

Hopefully there is a dub. Japanese is too cringy to listen to.

I'd say more Gangsta with less super powers.

It's better than listening to a dub.

Nothing is more cringe then when an already shitty character's face goes red and he/she says the name of the person that just said a stupid generic line.

Wulfa989 - July 12, 2016, 7:16 am

Looks like an interesting show

Deany - July 12, 2016, 3:17 pm

I'm watching this, first ep was brutal lol

Mafty Navue Erin - July 15, 2016, 4:11 pm

Hats off to this second episode. Can't wait to see how the rest play out.

Spoiler ([Click to View](#)) That ending was flippin' awesome. I kind of figured Angelo was trying to join the family for revenge though.

For those that don't understand the concept of the anime and alcohol being illegal:

"Prohibition in the United States was a nationwide constitutional ban on the production, importation, transportation and sale of alcoholic beverages that remained in place from 1920 to 1933." - which is why there was this massive underground movement along with gangs obviously trading. Have to imagine the show takes place in the 1920s during this era.

I'm gonna have go with what Nero said in that scene and say that is too much damn syrup. Gonna make the pancakes soggy.

I'm gonna have to agree on that food part though. I can't snack while watching anime anymore because of Toriko.

Chips Ahoy McCoy - July 31, 2016, 5:35 am

Great episode as always. I'm starting to notice that the tone on these episodes don't really fit sometimes. Like when Spoiler [\(Click to View\)](#) the "gorillath" was attacking them at the bar, and the music was almost circus-like. Maybe i'm just not used to the style of this studio or something.

I actually like soggy pancakes for some reason.

Mafty Navue Erin - August 13, 2016, 2:37 am

Holy fuck, best episode yet! It turned a 180, then turned another 180, and then somehow manage to turn 180 again.

I have to say that I am really liking this show. I never skip that awesome opening either.

Spoiler [\(Click to View\)](#) I seriously thought Angelo/Avilio really killed Nero. I was like holy fuck it finally happened and now Angelo is about to make shit happen.

Then it turns out the whole plot of this episode was just to capture Orco and that Nero was alive.

I mean I should have realized that if I paid enough attention to the plot.

That lasagna scene with Fango at the end though was the cherry on top this episode, I fucking knew Fango was about to serve those guys human lasagna. Crazy motherfucker.

skelly76 - August 13, 2016, 4:46 am

Spoiler [\(Click to View\)](#) This whole ep I was just trying to guess which drinks were poisoned lmfao.

Beadsman20 - August 18, 2016, 8:56 am

It looks kinda like K so i will watch it >_.

Mafty Navue Erin - August 19, 2016, 10:01 pm

I swear Angelo is Light Yagami in disguise.

Newest episode was pretty damn wow worthy though.

Spoiler ([Click to View](#)) I can't believe Angelo set Nero and Frate up to kill each other. I can't believe Nero actually killed Frate. I'm glad that Ronaldo guy is dead though.

Now the question is if Nero was in on it and knew Angelo replaced Frate's gun with the one without bullets. Nero didn't seem like he wanted to kill him until Angelo uncovered Frate's gun then replaced it.

Honestly that whole seen was confusing. Now I kind of wonder if Angelo is going to set Nero up to kill his sister next. The way the plot is going makes it seem like Angelo is going to kill/make Nero kill his whole family before killing him.

Hamekaze - August 20, 2016, 6:52 pm

These summer animes are coming like a storm, too fucking bad my summer ended a week ago. Well fuck that.

Mafty Navue Erin - August 28, 2016, 1:13 pm

Episode 7.5 was a recap of the series, more or less. What I didn't notice was the very end of the episode.

Spoiler ([Click to View](#)) Angelo pats Nero on the back and says that starting today he'll be his brother.

This kind of backs the last theory I made but maybe this will be a supporting clause for Angelo to have a higher standing in the family. Now this is just a wild shot but if things go like I'm trying to predict, then maybe Angelo is going to marry into the family, or some kind of official standing in the family where he could then takeover by killing Vincent and Nero.

At least now I think we'll be seeing the Galassias family in action since Ronaldo was killed.

GloomyStudios - August 28, 2016, 4:07 pm

This anime is so fucking good. I started watching it and became obsessed lol. ITS A MUST WATCH

grady - August 28, 2016, 4:09 pm

Absolutely love it.

I've been keeping up with it since the first episode came out, and been watching it every Friday afternoon right after school.

This one and Ald on the Sky are really keeping me over.

Both are extraordinarily good.

RainbowHentAi - August 28, 2016, 4:22 pm

We really have to wait two weeks for a new episode to come out, fuck you episode 7.5

Mafty Navue Erin - September 2, 2016, 5:10 pm

I was honestly not expecting what happened this episode to happen.

Spoiler ([Click to View](#)) I seriously thought Fango was about to off Corteo. I can't believe Corteo actually fucking killed Fango instead. His death was so beautiful and I'm glad that annoying prick is gone. That Engrish was hilarious though.

I wonder what that means for Corteo now. I'm almost certain the Vanetti's will kill him next episode. Then again, him killing Fango could have made up for that. But I think Angelo has enough humanity to not let his friend die.

I've been so caught up I almost forgot. Added to MAL.

Mafty Navue Erin - September 9, 2016, 4:15 pm

I think this newest episode was one of the best. I'm glad the mystery man has finally been revealed. Spoiler [\(Click to View\)](#) I was not expecting the uncle to be the one who sent the letter. Well I kind of did but not fully. I really wonder why he wants Angelo to kill them now. Maybe he wants to become don himself. I guess the real questions I should be asking are if Cortelo is going to live, and if Angelo is going to kill Nero or not. I guess it all depends on the answer he gave Angelo when they were drinking. It really seems like Angelo still has the resolve to kill but then again this anime has been nothing but curve balls thrown at you.

Excited to see a dub coming soon as well.

Varane - September 9, 2016, 4:18 pm

The latest episode was hype. Quite unfortunate that we might only see 13 episodes of this.

Yuikoro - September 9, 2016, 4:46 pm

The OP is fucking amazing
Probably the best anime this season

Mafty Navue Erin - September 16, 2016, 6:40 pm

Latest episode made me angry. Still one of the best anime this season though.

Spoiler [\(Click to View\)](#) I knew that Barbero guy was going to interfere. He's had that jealous look ever since Avilio joined. I'm just happy that Cortero was able to put that guy in his place. It really sucks that he had to die though.

I thought there was a chance Nero was going to be saved but now I'm pretty dead sure that Avilio is going to kill Nero, Vincent, and probably Ganzo as well. Maybe everyone else, who knows. He looked like he totally snapped after he killed Corteo. If there was a shred of compassion for Nero then it's gone now. Hopefully Avilio doesn't die after all this though. But what he said after he killed him basically implied so.

Edit:

By the way I found the full version of the opening song. It was literally almost impossible to find on YouTube.

The song is only available in Japan so you'll have to find your own way to bypass the country block.

Mafty Navue Erin - September 23, 2016, 3:34 pm

Holy fuck! I'm so happy we received a new episode today. That was inevitably the best episode yet. I seriously can't wait another week now.

Spoiler ([Click to View](#)) I fucking knew Avilio was going to end this with a bang or at least have killed Ganzo once it was over. I'm so happy the story is going the way it's going right now. I'm almost certain Avilio is going to die next episode, but first he's going to have a showdown with Nero. Though I was seriously not expecting him to kill that other don and not Vincent.

Edit: Oh fuck, make sure you guys watch past the ending song. Almost certain Nero is going to somehow kill that guy before he ends up killing Avilio.

Seems a good anime but MAL overall score is not convincing , i should review myself ;)

Nevieth - September 23, 2016, 6:59 pm

Well holy shit.

Spoiler ([Click to View](#))

Was not expecting things to hit such a climax so quickly, but I'm glad. I was worried Avilio was going to think Nero deserves to live just because he seems like a chill dude and didn't shoot him when he was a kid. Nero is a fucking monster who kills people nowadays like it's nothing. He's a mob boss after all, and Avilio deserves his revenge. I'm so impressed with him.

Well after seeing the high praise for this show, I will have to get back into it. I watched the first episode or two, then I was super busy for a while and only watched Orange and Re:ZERO because they were all I had time for really then I stopped having time for them so I stopped watching anime altogether :(And going on HF

Finally got a break so I finished Re:ZERO, Orange, Taboo Tattoo, Re:LIFE and now I will go back and watch this because it did look promising. This has been a good season, not the best, but really

good. Last season was a really good one because Re Zero, Netoge, Bungou and Kabaneri - and I am super excited for Bungou Season 2 next season so I have high hopes :)

Could be a subtle hint toward something, or it could not be. I can't see why they'd put that in there otherwise.

Spoiler [\(Click to View\)](#)I'm 90% certain he is not dead. There are four things that hint toward that.

1. The brotherly banter after they had that breakdown moment around the fire.
2. Nero giving him that speech before he was about to kill about living life just to live instead of without purpose. Angelo also said he never wanted to kill Nero which startled Nero.
3. The scene after when Nero was in the car and that car passed him and he just kind of smiled.
4. The ending scene with the footsteps had no signs of death, no blood, or body prints.

What I assessed is that Nero really had a change of heart. In a way he was able to somewhat forgive because he understood Angelo's pain. Now I'm thinking either Angelo left on a boat, or the guy in the car that passed Nero planned to pick Angelo up or something. Not too sure who that guy was. But I want to believe that Angelo was able to live happily thanks to the "final words" Nero left him.

Spoilers. You've been warned.

Spoiler [\(Click to View\)](#)

My opinion of 91Days is mixed. I like how it went story-wise, but at the same time I was thinking the Fango was going to end up being Avilio's younger brother, and it would turn out he didn't actually die and survived and went mad just like Avilio did. Too bad they didn't go with that plot, and simply made him fodder for another character who also turned into fodder. It's like it has no chance of a somewhat happy ending.

I'm happy they did the end beach scene where it doesn't actually say if Avilio is dead or not, that was nice.

Just felt like this anime had to get a little bit more recognition and deserves more views since the team put in the work and effort to make a superb show in the way its drawn,written,directed not to mention the music as well. It does have that "Gangsta" feel to it along with a tad of "Bacanno" but stands out on its own.

I agree "Gangsta" is more about trained assassins which certainly makes for a action packed show while the other is mostly about mafias and intrigue during the prohibition era. Both anime's are undoubtably dope shows to check out each with they're own style.

Pretty sad I missed this thread when the anime was still going.

Overall, an amazing anime. I loved it so much its good to have a fairly mature anime to watch.

It's rare to find an anime like this. And the anime never stopped performing coming to the end, it kept going strong. Each episode as good as the one before it. Amazing.

Yup you aren't the only one I waited for the dub version (I know subs are superior when it comes to voice acting but sometimes the dubbed versions aren't half shabby as well) which just got released a few weeks ago and began watching each episode week by week along with a few other goodies.
