Thread: [\[CHEAP\] BOOST YOUR HITLEAP MINUTES FOR \\$3.50 \[24x7\] \[30 DAYS\]](#)

N1nj4Styl3 - July 2, 2016, 12:05 pm

Hey fellas,

I'm offering to boost your hitleap minutes for 30 days (24x7) for both normal and premium accounts.

The price is \$3.50 per session.

Which means;

Normal Accounts (70% exchange ratio):

1 session: 1440 minutes - 30% = 1008 minutes per day.

1 session: 1008 minutes x 30 = 30204 minutes per 30 days.

2 sessions: 2016 minutes per day. 60480 minutes per 30 days.

3 sessions: 3024 minutes per day. 90720 minutes per 30 days.

Premium Accounts (100% exchange ratio):

1 session: 1440 minutes per day.

1 session: 1440 minutes x 30 = 43200 minutes per 30 days.

2 sessions: 2880 minutes per day, 86400 minutes per 30 days.

3 sessions: 4320 minutes per day, 129600 minutes per 30 days.

4 sessions: 5760 minutes per day, 172800 minutes per 30 days.

5 sessions: 7200 minutes per day, 216000 minutes per 30 days.

Since I can't give vouch copies due to the nature of the service, I may give each session for \$2.00 for the first 2 customers.

T.O.S

All payments in BTC.

If something goes wrong for any reason, you contact me first.

Your hitleap account (username:password) is needed in order to perform the service.
