No of course not, that wasn't the point, just a lot of people make claims "they're doing this for charity" then they keep all the profits. But I'm glad you're helping the world if your claims are sincere.

If you're claiming you're donating this to charity then you need to prove it, perhaps after every sale.

If you don't trust me, you can just give this money by yourself.

It's the first line of my thread because I support this cause and I want other people to do the same thing !

Why are you blaming people who are doing the right thing ?

There is a bunch of f\*ching scammers on this forum, and you are almost stating that I am a bad person ?

That's crazy..

EDIT : PayPal problem is fixed. Sorry for the long time !

Any sales you make need to be proven with receipts that they have been given to charities. If you do that then there is no problem!

And if I provide food to homeless people I have to record a video ?

I'm okay to take pictures of my receipt from the supermarket if you want.  
Would it be okay if I do that ?
