I don't like sport Anime, except for Haikyuu but this one looks good so I'll give it a go. I'll also recommend it to my little brother who's a long time soccer player.

Didn't like Kuroko no Basket either? Also if your lil bro likes anime and football alot he should try [Giant Killing](#). One of the only football anime I've ever liked being a massive football fan myself.

I think he watched Kuroko no Basket. I also think that he watched Diamond no Ace. I saw a lot of clips from Kuroko no Basket, but it never picked my curiosity.

What I like about Days is that it's about a sport I know and played (soccer), and it's modern (2016). I'll check Giant Killing's trailer/opening and see if I like it or not.

First episode was good - as always not that much happened but it showed potential.
