OP already helped me via skype, a lot of patience to talk with me and answer to my questions.

Let's hope the ebook is good like him :D

Sorry for my english

So, i'm here again for feedback post-trade:

1- the methods are REALLY unique, NEVER and NEVER seen them before, even if i'm an advanced user on a lot of Black and White Hat Forums.

2- OP is one of the nicest guy i've ever meet online, very patience, he follow you step by step, good guy 10/10

Unlucky, this method can't work for me not because method but because me, for some private reasons i can't use it. But have potential, a lot.

I told him, and he give to me another method (so total of 3 unique methods, since i payed 50\$): even this one can't work.

So he gave to me half refund since he gave to me like around 3 hours of support and 3 methods. 101%, if you still have doubts to buy or not, i tell you: buy it, you will not regret

Gonna try this method :)

OP already helped me via skype, a lot of patience to talk with me and answer to my quetions.

Let's hope the ebook is good like him :D

Sorry for my english

So, i'm here again for feedback post-trade:

1- the methods are REALLY unique, NEVER and NEVER seen them before, even if i'm an advanced user on a lot of Black and White Hat Forums.

2- OP is one of the nicest guy i've ever meet online, very patience, he follow you step by step, good guy 10/10

Unlucky, this method can't work for me not because method but because me, for some private reasons i can't use it. But have potential, a lot.

I told him, and he give to me another method (so total of 3 unique methods, since i payed 50\$): even this one can't work.

So he gave to me half refund since he gave to me like around 3 hours of support and 3 methods. 101%, if you still have dubts to buy or not, i tell you: buy it, you will not regret

Do you have any limited time you'd be giving me with your method and assistance that I should start seeing the earnings?

After that, if I and also you deem that I ain't making a shit, can I ask for the refund?

My refund policy is too protect myself from people who wish to request a refund for bullshit reasons. I think it's pretty fair that was the buyer has to show evidence of attempting the method.

You can start earning with this method right after reading it and applying it that day. But yes you can ask for a refund.

You can always ask for a refund and we can compromise on something.

That will also work.
