Thread: [\[Recruiting\] \[HFLive Community Radio\] \(Radio Hosts & News Researchers Needed!!!\)](#)

Krule - July 3, 2016, 2:02 pm

<http://www.hflive.net/>

This is the official HF Live Community Radio recruitment thread, ran by [Krule](#) What are we about? For those that don't know what we are. We are a group of individuals who came together to form a radio station. We took this opportunity after we realized Hack Forums currently doesn't have one. We will be providing music, news, contests, and giveaways. Please don't be fooled. As we develop and grow, we will not just be a radio station for Hack Forums but for an online community. We will always be based around Hack Forums. What are we looking for?

We are looking for enthusiastic & talented individuals who know how to have fun. In short, for this role you have to be hard working, enthusiastic, willing to progress your skills and be a motivated DJ. We are also looking for News Researchers. More will be available at a later date, but for now just these job roles are available

Requirements:

- *Over 250 Posts
- *Positive Reputation
- *Working Microphone
- *Proof of what you can do (If no proof, I will have a short questionnaire for you)
- *Have a Skype account
- *Have your own music (Music will not be provided)
- *Have the highest quality of music available
- *Able to follow a schedule
- *Speak English

Interested?

Great! Just follow this application and hopefully you'll get shortlisted to the next recruitment stage! We're not going to say take your time or if it's edited it'll be disqualified. The application might seem long and boring, but we're here long term and not just for one week. This is going to be for all of HF to hear.

If you make it to the shortlist stage you'll be contacted via Private Message to discuss further. If you have applied for a Radio Host position you will be required to do a 3 minute broadcast so we know that you can use the software, have a microphone and are confident on air.

Good luck to everyone that is applying! We hope to have you on the team! ?

Looks interesting man, good luck finding your new team members! If it's needed, be sure to contact me if you can't find another qualified team member. I can do either of the listed jobs. Anyway, good luck, mate!
