Thread: [1Kodak - UID: 2843420 IMPERSONATING AND SCAMMING](#)

TheSuspect - July 4, 2016, 1:02 am

It would appear I have an impersonator on skype: slayingsuspect

Unfortunately he has already scammed one user, known as "Zharfan" here:

<https://hackforums.net/member.php?action=profile&uid=3026978>

He PM'd me randomly claiming that I scammed him for BTC and I was very confused at the time, he added me on Skype and I said what's this whole thing about and he shows me this screenshot:

My Skype used for HF deals is: thesuspecthf

It will never be anything different to that unless I say it on here, also my Skype is "The Suspect" as a screen name not "TheSuspect". My profile picture is not that either, this is what mine is:

The default Skype image...

Now onto the part with UID 2843420, after talking to Zharfan for a little he told me that he had PM'd this user: <https://hackforums.net/member.php?action=profile&uid=2843420> for a BTC exchange, after telling him his Skype he was added on 2 accounts.

1. Slayingsuspect
2. Kodaksg1k

Then as seen in this screenshot below he says that slayingsuspect scammed him and is kodaks "brother"

Here are some images Zharfan sent me of their conversations.

(says slayingsuspect is his brother and at school)

(My impersonator aka Kodak claiming that Kodak is his brother. Claims he uses leakforums)

(My impersonator/Kodak getting him to send \$200 BTC)

(Zharfan requesting a confirmation PM)

(PM from Kodak claiming to be his brother)

(I don't type like this on my Skype, I only use shortcuts/slang on my personal skype!)

I will see if Zharfan is willing to make a deal dispute but this is all I have for now

SCREENSHOTS AREN'T WORKING LET ME FIX THEM!

Sucks for him, but thank you for the community alert. Though I already knew your skype. This is good info to know for others. Much love

You're stupid for dealing with 'his brother who on LF' , LOL

You hear LF you know it's fishy, Would've backed out of this deal if I were you.

TheSuspect - July 4, 2016, 3:14 am

Sent Kodak a PM letting him know about this thread :) Hopefully he doesn't scam anyone else.

Truth though lol.

I have no intention to scam or anything but seriously if someone is going to be a dickhead and scam at least make it worthwhile... no point running with \$100 and nothing else you can make that working a week at shitudonalds lolool

Stashyy - July 4, 2016, 5:47 pm

Wow, there's tons of impostors out there. But hopefully, you do have more proof to show.

watch your mouth fuckboy that was not me omm that was my brother ill take the fall and pay him back but dont come at me like that fuck boy

Just got this in a PM from him, he says he will pay him back but is still sticking to the whole "hur dur it's my brother" story when it obviously isn't it. At this point even if he does pay him back he is still an impersonator.

Alakazam. - July 5, 2016, 5:53 pm

Wow he called you a fuckboy very mean guy!

Thanks for alerting the community OP. Regardless on whether or not its "his brother" the account was used for scamming and impersonating another HF member.

Mhm, he even confirms in the PM that it's being used by multiple people by claiming it's his brother on it.

TheSuspect - *July 7, 2016, 12:08 am*

Still not resolved at all....

TheSuspect - *July 17, 2016, 9:10 am*

This alert still stands, it's obvious Kodak is the one impersonating me :/
