Thread: [\[Instagram\] Instagram Followers & Likes Shop \[CHEAP\]](#)

Renpt0 - July 4, 2016, 3:08 am

Hello everyone,

I am hosting a shop where people can buy real Instagram followers or likes for different amount of cash.

Requirements: You have to make your Instagram profile account public and not private to prevent errors from happening!

As for followers:

- 1- 1000+ for \$5
- 2- 4000+ for \$8

And for likes:

- 1- 2000+ for \$5
- 2- 4000+ for \$8
- 3- 10000+ for \$8 (not like the other once, they might take longer time)

Real instagram followers, but they are bottled? Do you mean they are real people? or are they just bot accounts with no activity?

Sorry for the confusing part, what I meant was they were guaranteed to be achieved within short time period, but the 10k likes was meant to take longer time.
