Thread: [Working!!!](#)

Quote:Working!!! is never easy, especially when your co-workers are as wacky as the gang at Wagnaria, Hokkaido's most beloved family restaurant. Over three seasons, they've become a family, and just like with most families, they spend a lot of time driving each other crazy.

Everyone who works at Wagnaria has their own story, even "normal girl" Matsumoto Maya. In Working!!!, all the stories that have been told at Wagnaria build towards their endings. Romance, sibling rivalry, disappearing spouses, terrifying parents-things are getting pretty complicated. Will Kirio finally meet Aoi? Will Satou finally let Yachiyo know how he feels? Will Otoo-san finally find his wife? Will Popura get any taller? And just what the heck is going on between Souta and Mahiru? There's only one way to find out!

I'm going to start watching this anime now. I will update you guys.

Edit : Just finished first episode. Its kinda cute. It would be great if it had some romance on it. I'll continue watching the series later.

Aura - July 8, 2016, 1:31 pm

It does have romance in it, and it gets better and better as the serie progresses.

Stashyy - July 8, 2016, 1:35 pm

Was thinking about watching it. But idk if I should or not.

Aura - July 8, 2016, 1:37 pm

If you want a light, funny and "piece of life"-like Anime to watch, it's very good.

Isn't that like most slice of life anime out there? Lol

Just finished this. Was a decent anime. However I feel there were two major drawbacks:

Spoiler ([Click to View](#))

1) the anime originally started with the MC joining the restaurant, but the anime was able to spread the humor and oddities amongst all the characters as a combined feel rather than focusing on just the MC. Towards the end it seemed to shift more focus on the MC and 2 secondary characters while the others remained in the background more for just comical effect.

2) (Biggest drawback) The relationship that was built up between Takanashi and Ikami progressed fairly well the first 12 eps, however in the final ep I feel that they didn't do any justice to it and just let it blow by. I didn't expect a cliché romantic ending, but what happened doesn't necessarily seem the best case either.

However was a decent watch and I think most AA folk would be alright with it if they were to watch it.
