Thread: [Small ass channel hit 100 views on one video!](#)

Uzumaki Naruto - July 5, 2016, 10:52 am

Hey guys,

Yeah I know it's not a lot but for a new channel (Or very inactive) I'm really proud for hitting 100 views on my video.

Basically it was just a quick video showing some dangerous driving and almost getting attacked in my car, I know it might not seem interesting but I've never liked putting my face on videos so I'm quite happy with the results!

If anyones interested in watching the video the link is --> [Video](#) <--

Just wanted to share how happy I was.

I would like to start uploading more blog style videos, if anyone could give me suggestions and improvements on what I should/could do that would be great!

Thanks

Uzumaki Naruto
