Busted ?

Would not trust this service as it's very easy to get a refund on G2A

It really depends if you get to activate the code and all.

Steam games if they were sent as gifts and not codes are easy to refund even if activated.

Lol guys im seller on g2a over 650 sales can show you my account haha i done over 12 k EURO

Sales ...

G2a change their policy to sellers so i stop sell them ...

If no one will buy it i just will buy for me amazon cards and order something but i prefer btc for now ...

**Be?tray?ed** - July 7, 2016, 2:56 am

Even if he does refund it, it will have NO effect on the game you buy...
