CHAOs - July 14, 2016, 7:19 am

Any image of the tool?

I might buy this, do you offer any vouch copies?

Nightmaree - July 15, 2016, 1:06 am

\$10 for public stuff

Nice!

devkits - July 15, 2016, 1:11 am

(Jul 15, 2016 01:06 AM)Nightmaree Wrote: [\[CITE\]](#) \$10 for public stuff

Nice!

We had it before it went public and we were the original owner of Xbox Tool which had it around the same time Call Of DDoS had it. And most of the shit in it isn't public. Especially halo wise.

Does it have halo mods.

Zenco - September 13, 2016, 4:07 am

Vouch for this, runs really well.

#Revenge - September 13, 2016, 11:12 am

Everything you're charging for is public! Halo/IP puller/msp spoofer ect.

devkits - September 15, 2016, 6:33 pm

(Sep 13, 2016 11:12 AM)Revenge Modding Wrote: [\[CITE\]](#) Everything you're charging for is public! Halo/IP puller/msp spoofer ect.We have offhost endgame now, and we are adding in a gears IP puller this week ?

VeloCityMods - *September 15, 2016, 6:35 pm*

Good luck with sales

Immense , Might purchase this later on.
