Thread: [eBay Galore! MAKE \\$1000 A MONTH 99.9% AUTOPILOT \[CHEAP\] \[VOUCH COPIES TO UB3R\]](#)

Disco. - July 12, 2016, 7:28 am

Right, i'm doing this simple because i see no need for a fancy thread design, I'm giving two vouch copies of my eBay method to UB3R, You must have a decent reputation and you MUST leave a review.

This method has completely transformed my online earnings since i first came across it accidentally. It's 99.9% AUTOPILOT! and is super "lit" should i say so myself.

The method is \$25 for Lower Tier.
The method is \$35 for Higher Tier.

PM Me if you're interested. I'm accepting BTC and PayPal (PayPal Preferred.)

I'll take one of the vouch copies

Lady Killer - July 12, 2016, 7:30 am

Mind if I grab a vouch copy? I will private message you on skype.

Disco. - July 12, 2016, 7:39 am

Still one more vouch copy left guys, grab it before it's gone.

TheSuspect - July 12, 2016, 7:46 am

Received a vouch copy from OP.

The method itself is pretty creative and will work, I will try this out myself to see how much money I can make from it, I imagine if you do this right you can make a good amount of money. It's worth mentioning you have to be over 18 to do this method.

There is some work involved but nothing that is a hassle of anything, but for the most part it's autopilot.

The guide would benefit from more detail as there is almost no explanation, if you added some more effort into the writing of the guide I would say it's well worth the money.

Good luck with sales!

I appreciate the honest review and will take that into account when re-writing this at the weekend.

If you want to send me a vouch copy I'll write a detailed and honest review. I've seen a lot of e-bay methods on here in e-books, so hopefully this one is new.

Disco. - July 12, 2016, 7:55 am

No vouch copies available.

Vouch for seb. I seen proof of his earnings on skype earlier this morning

ThePurge - July 12, 2016, 8:30 am

Op gave me a vouch copy

The method is really simple and easy although I have seen something similar like this method before but you will make a good of amount money with this . Their is no hard work with this all you have to do is follow his step and you be ready to go and make some money. It takes like maybe 10 mins to set up and it's Autopilot so if your trying to make easy money this is for you

Okay, I guess I'll release it for free since I'm the original owner.
