Thread: [Suggestion for a new upgrade.](#)

Power8 - July 12, 2016, 4:42 pm

Variation 1

Variation 2

- Just a pre-made image as an example, This isn't how it should look if accepted.

-

Example

I am sure nobody thinks this is something that NEEDS to be done nor is it even necessary since we have 3 other user groups.

I personally want a new upgrade because this can possibly be a very limited upgrade that could be given to only a handful of members under Omni's discretion.

-

Here are are some additions that can possibly come with this Upgrade

Spoiler ([Click to View](#))

[+] Can give 8 Reputations per day

[+] Reputation Power increased to 4

[+] PM box Increased to 4000 messages

[+] Special Group member Icon (Replaces UB3R group Image)

[+] Messages sent can not have Receipts denied

[+] Max post length to 25,000 characters

Price (Omni's choice obviously)

35\$ BTC,LTC,DOGE,DASH,ETH

Requirements

Must be Registered for 1 Year

Must be UB3R (Accepted/Upgraded) for 6 Months

Must have over 750 Positive Reputation

*The requirements for this upgrade is completely up to Omni

I'd like a new upgrade to support the site and to have more additional features to the site. I feel like this won't be accepted and I expect to get alot of disagreements with my suggestion, However, It's a

suggestion and I wanted to suggest it. Hopefully some will agree with me.

Pretty sure this would fall under rule 9 of this thread:

<https://hackforums.net/showthread.php?tid=577653>

9. Group Suggestions. Any new groups will be created by me and will have a site purpose. Member controlled usergroups will no longer be added unless they are a paid group (read [Help Docs](#)). Don't suggest groups.

If so, I'll close the thread now.
