Thread: [Scammed by Dark 0.038 BTC UID=2025980 | 278 Rep](#)

vans1997 - July 13, 2016, 6:36 am

I am quite new to this forum, but I have traded a lot on other forums so I know to look out and not trade with people that have a low rep.

I can't post pictures either, so you will have to copy paste the URL :(

The user I traded 0.038 BTC for a 50€ amazon.de GC for is named "Dark", UID=2025980

This is his profile: [hackforums .net/member.php?action=profile&uid=2025980](#)

We spoke during the day and he offered me 1x50€ and 1x100€

I needed quite late 1x50€ so I PM'd him telling him I would buy it as soon as I woke up.

He insisted that we trade at that moment, which I agreed on.

I sent him the BTC, he told me he got it, sent me a screenshot of it and went offline.

I sent him several messages after 2 Confirmations, 4, 9, 10.

At the point I sent him the messages I am quite sure he was still online if I remember correctly.

Now, to the most recent event:

I checked since I woke up every 15 Minutes to see if he was online, and at 2:19 pm CET I saw him online, here's the screenshot

When I started writing this 3:10 pm he was offline and then went online again.

I was thinking I could reach him by sending him a PM, but he hasn't replied and went offline again:

Now to the conversation:

Since he didn't reply, I sent him multiple messages as mentioned above:

[i.imgur .com/uXd376A.jpg](#)

[i.imgur .com/DVF8fBB.jpg](#)

[i.imgur .com/LmqxqoR.jpg](#)

I would really appreciate it, if I could still receive that 50€ amazon.de GC (valid tho) or a full refund.

I am still hopeful that he didn't had time, which I would totally understand, but after that many messages, it seems quite odd

Here's the transaction:

Thank you in advance to everyone who is here to help me sort this out, I am really not looking for trouble :)

I posted the links like this, since I don't have 50 posts yet.

But since you blocked me seems like you didn't get it.
Still buying it.

Online again, won't answer as usual.
