TopKekeroni - July 14, 2016, 10:13 pm

I am TopKek, a 17 year old avid gamer who enjoys playing Overwatch competitively. I have recently got into the competitive side of Overwatch due to my friends bugging me to join their competitive team. My competitive rank was 53 when I first got it, but it has since dropped down to 48 due to goofing off with friends in-game. I mainly play Reinhardt these days, but I can also play Reaper since he used to be my main character with approximately 2.83 KD every game. If I get in (assuming that I am praying to Gaben), I am more than willing to complete the required "10 posts a week", play games with the members and join the voice server. Thank you so much for reading, and have a good one.

Incarnati0n - July 14, 2016, 11:30 pm

Heya',

I'm Incarnati0n, I've been playing Overwatch since the beta and the game is just marvelous, I've found myself to be mainly a flanker role player, the heroes I mainly enjoy and do well with are Genji, McCree, Reaper, and Tracer in that role.

However, I also enjoy playing sort of the "calm and collected" role in defense, where I bring Hanzo and kill people from a safe distance, I also found myself to be quite the marksman with Zenyatta so he's my favorite support. As far as tank goes I just play what the situation needs (although I really enjoy Roadhog).

I think we'll have a lot of fun playing together on EU, and I'm looking forward to the voice chat banter.

In?sane? - July 15, 2016, 3:19 am

Glad to see the recruitment finally started, really happy to see an Overwatch section.

So anyways, I'm Insane and I have been playing Overwatch since the beta and been enjoying it a lot.

I have always enjoyed really fast paced combat so Tracer and Widow is my two favorites even though I don't play Widow a lot anymore because of the mandatory random dweeb that plays Hanzo every game.

I have a lot of experience with the game and I want to see how high I can climb with a decent team, I'm not a main anything by the way and I'm very open to fill any role needed but I shine with offence/defence roles by far.

For favorites under every category it would be:

Offence: Tracer and Pharah

Defense: Mei, Widow and Junkrat

Tank: D.VA and Road

Support: Zenyatta and Mercy

Landed on 50 rating after my placement matches which I'm not happy with at all but it felt very out of control with random people so want to do the climb with a team.

Here is my masteroverwatch profile if you are curious:

Epic??? - July 15, 2016, 4:13 am

Epic's Synergy Application [Overwatch|EU]

About Me

I'm Epic, 18 from the UK. I've played FPS games actively for the last 5-6 years, ranging from call of duty to counter-strike.

I do play other games on the side, but at the moment Overwatch is taking priority over everything else.

Overwatch

I've been playing Overwatch for only a couple of weeks, but I've grown to love the fast-paced nature of the games and how quickly it's evolved into a massively competitive game already.

I'm planning to do my competitive placements over the next week or so, and am planning to play actively in the competitive game-mode.

So far, I've been focused on getting good as a support, but branching out into tank roles has been my latest challenge.

Since my aim is decent, Roadhog has been an obvious choice since his hook requires some good forward-thinking and he's meta right now.

Other Games

I mentioned I play some other games on the side. I playosu! and RuneScape when I'm not on Overwatch, playing semi-competitively in the top 1,000 players onosu!.

Although I play a wide variety of games, FPS beats everything for me.

Why I think I'd be a good fit

I haven't been part of many active groups on HF. Ever since I joined, I've been trying to find a place where there is a sense of community.

Being in Synergy would mean that I have somewhere to chat with like-minded people who would be down to play the same game(s) as me :)

It would also be beneficial to share knowledge with others who play Overwatch, so we can all better our play.

I'd also be down to create hero and map guides within or outside of the SF to help everyone improve their game!

Cheers for reading my application. If you want to know anything else about me or my playstyle, just let me know. :)

ProjectEquinox.HF - July 16, 2016, 7:16 am

About me

I am ProjectEquinox, I am from Sweden and I have played games for a very long time.

I love all different kind of games, I mainly play CSGO, Overwatch and League (though League I'm taking a break from).

I am 18 years old.

Overwatch

I've played overwatch for a while, not sure how long though. I mainly play front line, my favorite heroes are Roadhog, Winston, Reinhardt, Soldier 76 and Pharah.

I personally enjoy being the person pushing forward on attack and the person who moves the payload on those maps.

I enjoy playing with people and especially when there is voice chat.

IncarnatiOn - July 19, 2016, 10:03 am

I have just PM'd all the eligible applicants for processing, recruitment started since day one - but [Delicious](#) had a lot of responsibilities with managing different sectors (give the dude a raise!); however now I will be co-leading this sector and I will be processing applications on a daily basis.

I wasn't even going to read the whole thing since I've just started to get more active on Overwatch, but then I saw that new monstercat song and now I'm thinking about applying. Don't question it |:

Good luck to everyone, looks like a nice group.

Edit, just saw consoles..

Looking for more applicants. Apply only if you are playing on the Europe/Asia server please.

Synergy is a great group to be in. We also have a discord server :)

Brain Gear - August 8, 2016, 6:51 am

About Me

Hi, i am Brain Gear from the Netherlands and 29 years of age.

I'm a active gamer mainly playing CS:GO [legit Global Elite with over 1300 wins] and Overwatch [Lvl 30+ with rank 54 at Competitive play, stopped doing that because of soloq and losing until i find some proper players to que up with]

Always been a gamer starting in the years of Quake and Unreal so that is around 1998.

Since i work from out my home i can easily combine gaming with my work/social activities ?

Overwatch & Me

I have been playing overwatch for a few weeks now and because of my history with gaming everything comes natural to me and i just simply love the game!

Now i just need a great group of people to play with me so i can stop soloq and get higher up within the game.

Also i am always trying to stay up2date with recent developments or bugs within the game so i could be a great source of information also!

Currently stopped playing Competitive because i had to soloq and ended up losing while carrying the team and dropped several ranks because of it.

I am therefore really hoping to join Synergy to play and meet people who share the same interest and enthusiasm like i have.

I am really into Mei/Soldier76/Junkrat and learning to play a bit more with lucio atm.

Other games that i play

As mentioned before, i've been playing games since forever it seems and i am a real CS veteran.

I have played every release of CS for many hours [cs1.6 10k+ / css 7k+ / csgo 7k+] including some beta's!

So when i am not playing Overwatch then you can for sure find me playing CSGO!

Also waiting for BF1 to be launched, i stopped playing BF after BF3 and since it is going back to the roots i am looking forward to the new game!

Why Synergy

I have never been part of any group here on HF since i had no interest in joining them untill now.

Synergy seems to be the place to be when it comes to meet people who love to play the same games as passionate as i am!

I therefore sincerely hoop that i will be accepted and can share my optimism and information with

other people and also gain some information but mainly good friends myself.

Either way i would love to have a response regarding my application for the good or the bad so i know where i am standing.

As you can also notice i might not have perfect English but i can understand/speak/type it good enough for solid interactions on forums/chat or voice communication!

Thanks for reading! Hoping for the best ?

Insert GFX here to impress and cover up for bad text

Hey. I believe I shouldnt try to look awesome just by posting cool images over my post. So here is some plaintext, with now awesome Images.

Overwatch is my main Game, and at the moment Im playing a few matches daily. I can communicate well and I am quite skilled with Pharah, Junkrat, D.Va and Roadhog. I suck at Wallriding with Lucio though ?

I'd love to play with a Bunch of dedicated Europeans :)

Some more details:

I speak German, French and English. I understand basic Russian (Actual Sentences not just the cyka blyat)

I am Currently Level 42 and Rank 39 but I'm stuck in Elo Hell - Even though I keep topfragging - pls help

I main Pharah because I like her mechanics with having to prefire and guess the future position of enemy players.

Generally, Im able to survive alone - so I can flank well, unless I simply get outnumbered or stunned.

Quite frankly: I am a decent player - but not really good. Thats why I want to git gud and play with some good teammates :)

My Sad Story of how I bought the game:

Please excuse the greentext - I dont want to spend hours writing this

>An amazon guy probably just took it for himself

>Its now sold out
>Dont have enough money to rebuy, since its now more expensive
>Go to Gamestop
>Want to buy Collectors Edition
>Its 16+, I am 16+ but I look young and didnt have my ID with me
>I cant buy it
>Guy at Gamestop tell me I can buy BattleNet Giftcards instead
>I decide that the normal edition will be enough and buy giftcards and a cool keychain with my remaining money for 10\$
>He also gives me some free stickers, since he felt bad for me :/
>Talk to hf guy about how he is going to give back my BTC
>I was drunk and somehow I agree to let him have the money in return that he tells me the name of a YZYbot
>Since I bought the game 2 weeks later then I wanted, I didnt get the preorder Bonus: Noire Widowmaker
>Ask Blizzard nicely what they could do
>"We cant do that"
>Be Sad
>RIP 150\$
>RIP Collectors Edition
Recently, I found some Codes on mmoga though - I got it for 2\$:D
