Trustable?

Antivirus scan: Cyren and F-Prot marks the exe as an Eldorado malware

billedrope129 - November 7, 2016, 8:41 pm

Decoded it thxs Thumbsup hope it works <3

EDIT: I opened up a shit ton and is now sending 33,000 emails to a email account called 33000emails33000@gmail.com just for a snapchat video xd.
