Giving out 5 vouch copies to people 150+ rep.

I have received a vouch copy. Here is my honest opinion:

The method is very well explained. To the point! It can, no doubt, get you TONS of adds. I am not sure about hundreds of thousands, but you will get many adds/views.

I have seen similar methods, but this one seems to be the easiest and quickest to do.

Huge vouch.

Still giving out 3 more vouch copies to users 150+ rep.

I'm not 150+ but i can do a review if you'd like. I'm pretty experienced in the Snapchat advertising/monetising scene so i can contribute some methods if you'd like me too :)

This method is pretty simple, will only take a few minutes each day and you will be getting a couple hundred adds maybe

this might be a little pricey since you dont receive an extreme amount but it works

it is a simple easy to read layout with little to no grammar errors

Rosened - July 18, 2016, 3:21 pm

Alright, Hello. It is Rosened here, and I will be reviewing this method that I received.

Firstly, the method has been something that I have kind of seen before on this forum. At first, I thought it was just one of the same methods, but then I realized that this has extra twists that will help you get through this method fast. This method can work very easily, and if you have a brain you can scale this out to many other ways.

All in all, I would rate this a 8/10 if I could read this, understand the method, and then go back and buy it I would, it's a great e-book, unlike most on HF.

with a little work this simple method will definitely work. maybe not thousands of views, but for sure can get 10-100s easily and quickly. i also think the price is a little high, but the method definitely works so vouch
