Thread: [How To Take Down Any Gym \[Without Losing Health\]](#)

+Nemesis - July 15, 2016, 1:51 pm

So basically you want to keep an eye out for the yellow flash animation, that's pretty much all there is to it.

Here are some notes from reddit:

Also here's a video on the method:

Mr Kewl - July 15, 2016, 2:03 pm

Ah, this stuff really looks good. I will be trying it with overpowered gyms and trying to take them down. Let's see how it goes.

Seaking - July 15, 2016, 2:06 pm

I remember a bunch of people saying how useless dodging was, but I was taking 1k CP gyms down with 700 CP Pokemon doing this. You learn really quick the attack patterns and what to look out for. Good guide for those who think it's as easy as tapping the screen as fast as possible.

Grim - July 15, 2016, 2:07 pm

Nice thanks for this pretty helpful. There are like 3 gyms around my house all with fucking 2,000 CP Snorlax's.

funtela - July 15, 2016, 2:11 pm

Damn thanks for this. Might try this out. All gyms in Miami are with 1000+CP Pokemon so it's impossible for me right now lol.

Bhelliom - July 15, 2016, 2:12 pm

Yeah it's really easy to learn

th3c0rrupt3d0n3 - July 15, 2016, 2:14 pm

Awesome stuff right here. Will try this out for sure. Thanks for the share.

+Nemesis - July 15, 2016, 2:15 pm

I live in a rural city with the 2 gyms belonging to me ? #Feelsgoodman

Lol. That's cool but no fun.

Anyway, have you personally tested this theory? and does it work?

Acceptable - July 15, 2016, 2:17 pm

Damn thanks for this op. I really appreciate it.

YayHar - July 15, 2016, 2:19 pm

Sometimes I wonder if the games people make are too easy and that makes it a bad thing, or makes it even better. I don't know, I guess I gotta play more.

Yes this method is basically the reason why I got the gyms in the first place. Let me know if it works for you when you decide to try it out.

CULTSWEGMAFIA - July 15, 2016, 2:23 pm

Awesome tutorial. Will totally come in handy

Parks - July 15, 2016, 2:25 pm

Why wouldn't you guys want to beat them legitimately?

Goat - July 15, 2016, 2:30 pm

Seems like a really nice way to take gyms down.

I'm level 4 atm lol but I'll try this once I reach higher level.

Sure man, hopefully they won't change anything with the battling system for the time being. I would probably lose my gyms instantly :P

minimalist - July 15, 2016, 2:49 pm

Just worked for me, took down a Jolteon at the post office.

J Fish - July 15, 2016, 2:50 pm

yoooooooo! now I'm level 5 I defo got to try this!

I went to a gym earlier, took me a while cause I'm so far away, had a couple battles and just got demolished each one, was so bad hahaha!

But thanks for the tip, well appreciated Sir!

Frankey - July 15, 2016, 2:52 pm

So can I win gyms which have 900 CP Pokemon and I have 208 CP? I can win? FINALLY? IS IT HAPPENING? yes. I will be the best!

+Nemesis - July 15, 2016, 2:58 pm

(Jul 15, 2016 02:53 PM)Designer Wrote: [\[CITE\]](#) This is actually really useful, thanks for sharing man. I didn't even take on any gyms yet, just because they are too hard, but this might change the game. This will change the game I usually don't attempt to take anything higher then 250 CP above me as it will take too long, 200 CP- Is still very easy though.

Supreme Kai - July 15, 2016, 3:00 pm

Guess It's time to go outside and take over my city :3

Niccolò Machiavelli - July 15, 2016, 3:00 pm

Looks like a very nice tutorial. I'll try some of these things next time I'm at one, thanks for this OP.

No problem mate, enjoy your domination.

Mr. Corleone - July 15, 2016, 3:10 pm

I actually had noticed this before. All my pokemons are high enough to take out ANY gym in my whole city anyway,
so I don't need to do this. This DOES help with saving potions since I seem to run out fast lol.

Heart - July 15, 2016, 3:12 pm

I'll have to test this out on my own on the gym a block away from my house. Can't wait to see the reactions.

Pung0d - July 15, 2016, 3:12 pm

This shit is the exact reason the OG battle scene need to be implicated back into the game.
I miss that :(plus i mean i'm not saying i'm not going to use this, but i'm going to use it.

+Nemesis - July 15, 2016, 3:15 pm

This basicly is your ticket to becoming the best biggest gym owner in your area, and It's pretty easy to do.

Gary - July 15, 2016, 3:16 pm

Lets see how this goes against some of the bigger gyms. Thanks for posting this.

I'm still tryna get that award. People annoy me already.

Same I'm actually trying to get by being helpfull at the same time, hopefully the section will become normal after a few days again.

Mix - July 15, 2016, 3:25 pm

Its mainly all about timing if you are good with it you can win any battle as its not turn based.
Everyone keep trying and you will get it in the end

JASON AND MEDEA - July 15, 2016, 3:26 pm

Seen this previously. Sick man, cheers!

th3c0rrupt3d0n3 - July 15, 2016, 3:36 pm

Its my first time battling and just tried this; failed miserably lmao. Guess I need more practice haha

Yung Metro - July 15, 2016, 3:57 pm

I don't like cheats I want to be the very best and without using tips and just going out and trying this shit you know what I mean right?

sHAY - July 15, 2016, 4:20 pm

Looks really promising, will definitely try this out when trying to take over another gym. Imagine using this and beating a high cp pokemon with like a simple 100 cp pokemon lol.

findingnature - July 15, 2016, 4:23 pm

I'm gonna go to my local gym rn and try this. I need that XP.

+Nemesis - July 15, 2016, 4:26 pm

You'll probably run out of time if the pokemon in the gym are like beasts though, goodluck anyway!

?Creation - July 16, 2016, 8:04 am

Tried this, and its pretty hard to do, especially when servers are lagging a bit. then its impossible. Still need to practice this way more.

SIM-403479 - July 16, 2016, 8:06 am

I'll go try this out later when the servers are back online.

I haven't been able to win at a gym yet. I have killed a few but never won.

Sever are back on for me right now, hopefully it stays that way & goodluck with your gym adventure fam x

Senor Suave - July 16, 2016, 11:05 am

Yeah thanks for sharing, I saw this when it first came out but I didn't know if it was busted or not. All the gyms by my house only have a CP of around 700. That'll be easy to take down. no?

MrARM - July 16, 2016, 11:16 am

Nice, i wish i would had known this earlier, because my pokemon bunch died and i couldn't do anything...

Well that's nice to know now!

?lixir - July 16, 2016, 11:17 am

This will be patched soon. This technique really pisses me off because of low level pokemen taking my gyms with ease. smh!

Flux - July 16, 2016, 11:17 am

Want to try this. But servers are still down for me...

goldi123 - July 16, 2016, 11:20 am

You seriously got no chance to defend the gyms at the moment xD ti once got 8 captured and just 2 hours later i only got 3 left :/

?erenity - July 16, 2016, 8:17 pm

Gyms are too hard to defend in my opinion.

Even stacked gyms fall easily. Especially with this dodge strategy. Makes me wonder if the devs are going to do anything about it or just leave it in this state.

+Nemesis - July 19, 2016, 6:50 am

Just took over some gyms in sydney, AU with Nox, hopefully they stay in my possession for a while. My best pokemon was around 740ish took down a 1010+ pokemon

• Kyle • - July 19, 2016, 6:53 am

Some good information right here, Hopefully it still works when I visit the next gym thats near me. Theres some scrubs up there just spanking anyone who comes.

The Drama Llama - July 19, 2016, 6:59 am

Tbf i thought this was common sense. :p

Dodge move dodge move. You barely take any damage and easily piss of the guys over from you when you put a lower level in the gym haha :)

Loving all the hints and tips coming from the section though :)

SIM-2096295 - July 19, 2016, 8:30 am

Is this still for sure working? I used to do this but now I find even if I dodge a special attack it still hits me, is this a common thing now or am I just lagging/glitching? Thanks for making this post for otgers though.

B K - July 19, 2016, 8:54 am

Thanks for this mate, I'm still pretty much a fresh noob but will defiantly be using this once i level and get some better Pokemon.

There's a gym in a town near me which no one has barely been to yet ay;)

Fitzpatrick - July 19, 2016, 5:14 pm

Good share OP, didn't know about this and I'm level 22 by now. Must be not very well known.

?XiS - July 19, 2016, 6:48 pm

Gonna try out this method next time I'm out. If it works, I'll stop by here again and leave another post.

Krule - July 21, 2016, 2:06 am

this is a very helpful thread, i could actually use this to take down some niggas around my area cheers

ChaosComputerDude - July 21, 2016, 7:43 pm

nice post man , thx

ill try that asap and repeat back
hope this still works

regards CCD

Eloquence - July 21, 2016, 8:12 pm

Damn that was actually really impressive. I knew dodging was useful but I never knew you could dodge everything and win like this holy shit. Nice guide dude giving you a +rep for sure!

Juicy - July 21, 2016, 8:15 pm

I would honestly just rather attack it like normally unless it would be impossible for me to beat it that way, this just seems like it would take way too much time to take down a gym. Great informative post though dude

Mi2414 - July 22, 2016, 1:26 am

Been trying this, haven't been too successful but I've been doing better in my attacks. Thanks for the tips kind man(:

.Vi. - July 27, 2016, 4:51 am

Been looking for someone to clarify when to dodge, thanks alot OP.

Remix - July 27, 2016, 4:52 am

Wow, a free method?

No ebook?

I'm surprised

softlights - August 9, 2016, 5:08 pm

Thanks for sharing this strategy. I've always known you'd have to dodge. I just didn't know how to time the dodges right. The yellow flash tip is a life changer! :)

thesman - February 3, 2017, 3:31 pm

I have read this. Thank you for the snapshot. I hope this works well

Lelouch Vi Britannia - February 3, 2017, 5:03 pm

I'm fairly certain that this no longer works as intended. Whether it was due to update or some other type of modification doesn't matter.

just-yb - March 11, 2017, 9:04 am

by evading there attacks that should do

FNF3TD - March 17, 2017, 2:53 am

I've been playing for a quite time and this is awesome! Thank you for the awesome guide.
