Thread: [Post your Rarest Pokemon! Pokemon Go!](#)

Power8 - July 15, 2016, 2:22 pm

I don't know how much different Pokemon there are in Pokemon Go, but I saw this picture and wanted the Pokemon Veterans to tell me if this is accurate.

If so, Share your Rarest Pokemon here!

Knucklez. - July 15, 2016, 5:25 pm

I don't know if this is accurate but if it is.. I'm kinda lucky lol.

Myths: I have Snorlax

Epic: I have Jinx

Special: I have Hitmonchan, Squirtle, Charmander, Bulbasaur, and Kabuto.

Pillows - July 15, 2016, 5:26 pm

My rarest from that chart would be Jynx. Got it from a 10km egg. Kind of disappointed I didn't get anything better though.

drawbackK - July 15, 2016, 5:26 pm

Don't think that is very accurate, it's more dependent on your region.

Viral Dragon - July 15, 2016, 5:27 pm

I have a Lapras, but shit, I wouldn't mind having a Ditto. I've yet to see one anywhere and I don't see anything about them popping out eggs. :{

-Viral.

The Plague Doctor - July 15, 2016, 5:27 pm

I think my rarest is probably haunter considering I can't even see it on that picture and I caught it wild.

labroca - July 15, 2016, 5:27 pm

Honestly? Pikachu is the best, and I used a cheat to get it. I am a lousy player.

Gabe - July 15, 2016, 5:27 pm

I have 3 dratinis (lowish CP), a snorlax (130 CP), and lapras (900+ CP).

Ooze - July 15, 2016, 5:28 pm

All I know is I have caught 2 pikachus, in the same area and it was rather easy

Not sure a rhinhorn is rare, Ive gotten that one so many times

Grim - July 15, 2016, 5:28 pm

uncommon, un-uncommon lol. I still dont have like any good rare ones yet. I only need a few more

growlith candies to evolve though.

Pillows - July 15, 2016, 5:28 pm

Ditto are just like the legendaries. They're in the code but they can't be found anywhere yet sadly. :(

i was thinking the same thing, i have a gengar and i never see anyone else with one atm

I'm jelly, encountered a ??? Gengar in the wild yesterday but it ran away after 2 fails.

lucky. - July 15, 2016, 5:36 pm

Staryu would be my rarest by this chart, aside from another charmander I caught in addition to my start charmander. Figured Abra would have been more on the rare side, but then again this chart could be wrong or right as its not official.

Byakuya Kuchiki - July 15, 2016, 5:39 pm

Best Pokemon I've probably got is either jinx or fearow

MrARM - July 15, 2016, 5:40 pm

The rarest so far was a Ponyta, a random spawn at my house.

OctoberzVeryOwn - July 15, 2016, 5:41 pm

I have 2 Dragonites, a Charizard, and a gengar

Audia - July 15, 2016, 5:43 pm

My rarest would be none because I don't play or fuck with this pokemon shit. Is it addicting?

L?one - July 15, 2016, 5:44 pm

My rarest so far would be a bulbsaur.

A snorlax showed up on my list once but it was 3 steps then it disappeared afterwards.

FilmGuy - July 15, 2016, 5:45 pm

sixth pokemon I caught was a snorlax. Caught it while taking a dump although I need snorlax candy to power him up... :l

i think the worst part about this is that shit eating grin gengar has going that salts the wound of him escaping, you poor soul.

Xepher The Cat - July 15, 2016, 5:46 pm

I have this amazing Pidgeot that I evolved from a Pidgey. But that's not rare at all is it? I also feel like the game is kind of broken for me. It said there was a PokeMart right in front of me but my guy was walking in the OPPOSITE direction.

Yassuo - July 15, 2016, 5:48 pm

Ayyyee I got a very rare :)

topdog77 - July 15, 2016, 5:48 pm

Why is there no legendaries on this list? Are they not in Pokémon GO or what? I haven't heard nor seen anything concerning them yet either.

DamienVC - July 15, 2016, 5:48 pm

Thanks for the chart, I was looking for some rarity scales for the game.

I did actually miss a Magmar & Porygon today xD

Choco pie - July 15, 2016, 5:49 pm

I have Snorlax but I don't really care much for him. Also have a Jinx and Pikachu. I'd like to say my Pikachu is my favorite Pokémon cuz he's Pikachu for fucks sake

DamienVC - July 15, 2016, 5:53 pm

Ontopic: Probably Machop is the only rarest one I got so far. Missed an Eevee and Magnetite yesterday.

?Creation - July 15, 2016, 5:55 pm

This Common, uncommon thing isn't reliable at all. Like I have never seen a Dodo and I'm level 21.

Have seen tons of sparrows, they are more common for me than Weedles, Eevee is also pretty hard to find, I'm grinding those things and got found like 9 of them.

But my most rarest would be a Lepras, too bad it isn't that high CP (it's 650 when I already had a few Pokémon 1000+).

And 1 who isn't on the list is Scyther, found 1 of 117 and 10 min later I got 1 out of a egg 900cp+

DamienVC - July 15, 2016, 6:01 pm

I keep on getting those damn Ratatas and Pidgeys tbh.

Gonna evolve one to a Pidgeot soon lol

Mr. Corleone - July 15, 2016, 6:02 pm

My rarest Pokémon would definitely be yo momma.

Jk, I don't have any rare Pokémon. Rarest would definitely be my evolved version of Zubat.. Golbat was it?

Some Dad - July 15, 2016, 6:02 pm

Idk if the chart is true... As for what I have going from your chart. Didn't want to make a list too long so I stopped after very rares:

Epic:

Jynx-840

Porygon-455

Dratini-444
Electabuzz-919

Special:
Squirtle-460
Charmander-190
Omanyte-285

Very rare:
Rhyhorn-430
Magnemite-447
Grimer-604

Neeeeeeeeeeel.- - July 15, 2016, 6:06 pm

I would love to get a Ditto!!! It's f**** awesome. Hope I get it soon

Coletheon - July 15, 2016, 6:11 pm

There are fucking hundreds of jinxes in my area.

Eternal. - July 15, 2016, 6:12 pm

Based on that picture alone Cubone would be my rarest Pokemon. Though I have seen him a few times around a specific Korean BBQ I frequent. Time to keep catching them and raising their stats.

DamienVC - July 15, 2016, 6:12 pm

Tbh I regret missing out on that Scyther and Grimer rn. I need to seriously locate those Pokemon and catch 'em all

Tyler? - July 15, 2016, 6:13 pm

I guess my Dratini is my rarest. I caught one down at the waterfront in my city yesterday.

Eternal. - July 15, 2016, 6:13 pm

How did you miss out on a Scyther? Damn I would have kicked myself in the head for that. Not even sure he is that great but still.

Power8 - July 15, 2016, 7:09 pm

I got 2 Pikachu's and a charmander and a Bulbasaur

Those i think are decently rare. Not sure tho

Thornzzz - July 15, 2016, 7:12 pm

I had a 10 KM egg and got a fucking Chansey, so that's my rarest Pokemon.

Windows - July 15, 2016, 7:16 pm

Here are the ones I have:

Uncommon: Jigglypuff (2 of them), Clefairy.

Ununcommon: Shelder

Special: Squirtle (2 of them).

Also don't judge haha, I really don't play the game a lot.

DamienVC - July 15, 2016, 7:17 pm

I'll try my luck today now that I'm a bit aware of the 3 step system and how to locate the Pokemon that are "Nearby". Hope so I get some rares

Lex - July 15, 2016, 7:18 pm

Gosh looking at your collection, I am so jealous. I am just starting out but planning to grind this shit out and "Catch em' all!"

D?certo - July 15, 2016, 7:19 pm

My rarest so far is Jynx, other than a Charmander.

Found 3 of them but only managed to catch one as they kept running off.

Walt Disney™ - July 15, 2016, 7:19 pm

Nothing too rare yet. Managed to see a Pikachu at a lure spot today, didn't get it unfortunately.

There was a flock of kids today trying to catch a Snorlax. I'd die for one, love them.

Premortal - July 15, 2016, 11:46 pm

I didn't realize just how much I wanted a Lickitung until this very moment. A Seel would be pretty cool too, one of my coworkers caught one and I'm pretty jealous.

Bhelliom - July 15, 2016, 11:47 pm

The rarest pokemon I've gotten so far is a Dragonite.

Jerry Smith - July 15, 2016, 11:48 pm

Pretty accurate chart to be honest, I'm too lazy so I'll tell you my favorite is Pinsir. I just like the way it looks, and I ran forever to hatch it's egg.

Thornzzz - July 16, 2016, 9:11 am

Caught a wild Kabuto yesterday, so that's also up there with my Chansey.

Niccolò Machiavelli - July 16, 2016, 9:12 am

I've got a pikachu, that's my best/favorite one by far. Looking to get some more soon, haven't really had the time though.

Fliiix - July 16, 2016, 9:15 am

That picturde can't be accurate, I've found plenty of Jinx but only low CP, the highest i have is about 510CP.

I'm still searching for my main legendary pokémon.

Hope you get the chance to evolve it at some point, love Kabutops.

Meanwhile I'm chilling with my pidggy army over here.

My current best.

I'm so fucking sad, you have a vaporeon man, such a bloody cute pokemon man, like honestly.

oRequiem - July 18, 2016, 5:32 pm

It would of been a Snorlax or a dragonite if I have more damn pokeballs.

Sadly, I can't find any pokestops near me and I can't purchase them through Paypal, only cards.

~ Hatched this beast today. He was CP 1700 but then I leveled him up some. My egg had about a mile left, decided to walk it off by myself and it was worth it. :)
