Thread: [Evolve Eevee Into Your Choice Of Eeveelution!](#)

BTCEXchangez - July 15, 2016, 3:32 pm

You can evolve Eevee based on how you name it!

Name Eevee - Sparky

[img]http://cdn.bulbagarden.net/upload/thumb/b/bb/135Jolteon.png/250px-135Jolteon.png[/img]

Name Eevee - Rainer

Name Eevee - Pyro

Do not attempt to do this more than once for each evolution as then it is completely random!

lucky. - July 15, 2016, 3:33 pm

This is legit? I haven't enough candies to evolve any Eevee yet so I've got not idea.

The Plague Doctor - July 15, 2016, 3:34 pm

Is this legit? Doesn't seem like something that would be implemented.

Mix - July 15, 2016, 3:35 pm

Where is your proof on this as I dont think this would be coded in, this is just luck when you get the eevee you want when you evolve the pokemon.

SIM-403479 - July 15, 2016, 3:35 pm

There is literally a shit load of pokemon near me. Hardly any eevees

630 - July 15, 2016, 3:35 pm

Someone confirm this... I'm pretty sure it's all randomized. I was looking at move sets but that doesn't do it.

Heart - July 15, 2016, 3:35 pm

I'll have to try this out and really test to see if this is true. Could be very beneficial in the future.

Lancer of Red - July 15, 2016, 3:35 pm

I doubt this is legit; People have been coming up with random ways to force/predict certain evolutions since the game came out. At least this "trick" won't blow your house up.

Alex - July 15, 2016, 3:35 pm

I really want to evolve Eevee into Sparky. Do you know if this works? Have you tried it yourself? It sounds like a joke to me.

luv. - July 15, 2016, 3:35 pm

Yeah it's confirmed. I did this earlier today and I got a Jolteon. I've got a complete set now, taken over a few gyms already. :D

Cam - July 15, 2016, 3:36 pm

Hmmm that would definitely be an interesting mechanic. Can anyone confirm that this is how you can actually control an eeveelution?

Grim - July 15, 2016, 3:36 pm

I think I'll try this on my next Eevee evolution but I really doubt it works like that does it have to be those names specifically or can it just be anything related to that?

Added a link at the bottom to check for proof.

Knucklez. - July 15, 2016, 3:37 pm

Thanks if this is legit. They're so many Eevee's around me.

I already have Vaporeon and Flareon. Sparky here I come ;)

CyberGuard - July 15, 2016, 3:38 pm

I recall them saying they did not implement a way to make it automatic. It was a random chance as I recall.

has anyone tested if this actually works though?

You need to firstly get a load of Eevee's so that it is able to be evolved. Rename the Pokemon which you are evolving and it is meant to give you one of the 3.

I will try it by the end of the weekend hopefully.

From what I am aware of, the evolutions are completely random. Regardless of name, size, moveset, where you evolve it at. It's all random.

?Üta? - July 16, 2016, 8:46 am

The likeliness of this actually being a thing is pretty low. My first eeveelution was into a flareon. So

was my second. The ONLY one that I didnt want. With all the flying types out there right now a Jolteon would be my preferred. Hoping my next will be a Jolteon.

Vaporeon gets the most CP per powerup and is the strongest.

I have evolved 3 eevees and have named 2 of them sparky and one pyro and it worked all 3 times. The reddit thread says the guy has evolved 10 eevees and all have worked.

Ahh ok thanks, I've heard Vaporean is the best CP wise, but I'm not sure if I should pick Jolteon since most pokemon in the gmys are flying or water types around my area, literally no ground or rock types

You'll have to just randomise them from now on and hope for the best. m

Good luck collecting them all.

Worked for me too. Interesting.

This worked for me when I used Pyro, I don't have enough candy to try others.

Good luck collecting them all.

Caught a 930CP Eevee, renamed it to Pyro, restarted game and evolved. Got a Flareon hehe

Might be luck to work twice in a row but I'll do some more in a bit.

First a Vaporeon - 33% Chance - Success

Next a Flareon - 33% Chance - Success

Total of 11% Chance

I have 130 Candy so if I catch another high CP eevee I'll do a few more

To be honest, I'm sure everyone by now already knows about this Easter egg. The only shitty part of it is that you can only do it once and from then on it doesn't work anymore. Even worse now since they nerfed Vapeoron. So rip.

Not sure about you but my streak continues, I've been able to do around 6 now without fail. I find it hard to believe it's luck. I'm never lucky.
