Sadly, this is what 1 hours worth of gets me.

We wernt finding anything for like 30 mins, then we put on an incense and got those three. Caught one more, but didnt screenshot it.

How about you guys? What's your average per hour?

Knucklez. - July 15, 2016, 5:03 pm

It just matters about the location for me. Some areas I might not catch anything but in the next area it could be a gold mine.

When I use incense it's random but usually one pokemon that I haven't seen pops up.

The Plague Doctor - July 15, 2016, 5:04 pm

Damn that's pretty shitty for an hours worth, but I guess it could be worse. I heard of some people not even getting anything at all.

Pillows - July 15, 2016, 5:04 pm

That's pretty common for the lower levels. When you get to a higher level you'll see more rares and higher CP.

BR?ND?N - July 15, 2016, 5:05 pm

I live in hell so fuck walking anywhere today. I'm chilling, gonna eat some homemade chicken strips while waiting on my game to install. Fuck going out to catch any more Pokemon. I always catch the same crap. Rats, Pidgeys, and Abras. Nothing new.

minimalist - July 15, 2016, 5:05 pm

Don't bother with using those incenses, go outside and you'll definitely find a shitload of Pokemon. I've caught over 75 Pokemon just camping out next to the CN Tower where people are placing lures.

ST4RLORD - July 15, 2016, 5:05 pm

Get out in a car and have a drive around works wonders for me :) pick up/find so many :D

?Saadi - July 15, 2016, 5:05 pm

Damn, tough luck man. Try checking out the tips and tricks threads on the forum, maybe that will help you out.

I've got about 5 in an hour but got lucky. Usually it's around 3. But I haven't played too much though!

Mix - July 15, 2016, 5:05 pm

about 5 pokemon per hour for me its not the best but at least its not none i guess. Wish i could get a chance to catch more but its only small villages here

skelly76 - July 15, 2016, 5:06 pm

I get about 50 Pokemon an hour. I only drive though so that makes sense.

I like to go to lures and chill at them too.

MrARM - July 15, 2016, 5:06 pm

I got a Jigglypuff in a hour, maybe i'm just lucky

Pillows - July 15, 2016, 5:06 pm

What you need is a lure and an incense. You'll get a crapton of pokemon easily. That's also easy xp. Just have a lot of pokeballs though.

Mr. Corleone - July 15, 2016, 5:06 pm

HAHAHAHA That's so fucked up!

I went to a shopping mall today, it had 4 stacked modules..

I activated my incense + lucky egg, I was CONSTANTLY catching pokemon for 2 hours..

Am talking about non-stop catching them, I had over 300 balls but I had to make a small trip to re-stock on the balls :)

Zack Fair - July 15, 2016, 5:13 pm

Damn, that's pretty shitty for an hours worth. Try and head out to a more popular part of your state/city and you'll find more success

labroca - July 15, 2016, 5:13 pm

I just got that one about an hour ago. I really suck I guess.

You just got what an hour ago? Do you even know what you're writing/replying too at this point... lol. Come on pylan!

Moxxi - July 15, 2016, 5:17 pm

This is from like 2 hours(ish) maybe when I first started playing.

about 100 pokemon and 200 items.

Will probly go out and play some over the weekend to

I live near a big outdoor mall with probably 15 poke stops inside it all in one area, with a good 5-6 of them running lures 24/7 to attract people.

topdog77 - July 15, 2016, 9:42 pm

not bad man, I play semi afk so I only get like 5 or 10 an hour and don't really go "hunting" for them

so to speak, when I come across one though, I try to nab it :p.

Ooze - July 15, 2016, 9:43 pm

Thats the struggle of living in the suburb I feel your pain
But Ive gotten some nice xp from levelling up pidgies

TRAUMA - July 15, 2016, 9:54 pm

I know I just posted this, but this is relevant to this thread.

We went to walmart and there was this trucker lady outside her truck so I went up to her and told her all the stuff I caught while passing her and she was flipping shit XD

Then we went in the downtown area of my "area" and I made a long ass snapchat story trolling everyone who was playing.

"Hey! You just dropped a pokemon on the floor."

"There's a pikachu one block back"

XD Dont know why it was so funny but their reactions where great.
