Thread: [Pokemon Go Tricks/Hacks Compilation Thread](#)

Goat - July 15, 2016, 4:19 pm

Hello everyone,

Arya Stark here. I've seen a lot of hacks/tricks that's really useful, but they're all spread over. I thought that it would be better to collect them all and make one thread which includes the majority of them.

[How to take down any gym \(without losing health\)](#)

[Unlimited Pokemon incense](#)

[Pokemon GO | Tap To Walk & Location Spoofing | No Spoofing | No Jailbreak | OS X Only](#)

[\[HOW TO\] easily track down the pokemon you want](#)

[Pokemon Go Tips and tricks | How to get Pikachu at start | How to level up faster | Background playing |](#)

[Quick and Easy Tip For Leveling Up Fast | Pidgey XP](#)

[Evolve Eevee Into Your Choice Of Eeveelution!](#)

[Gym tips & how to catch more Pokemon's!](#)

[\[Glitch/Tip\] How to USUALLY Catch a Pokemon on your First Throw](#)

[\[Android\] Tip For Additional Movement](#)

I take no credit for these, the credit goes to the creators of these threads.

Did I miss any Hacks/tips/tricks, then feel free to Pm me the thread so I can add it.

Does anyone know if trading actually works? Because I could sell the pokemons for good irl cash I bet, but I can't seem to find an option to trade w/ ppl.

DamienVC - July 15, 2016, 6:36 pm

findingnature - July 15, 2016, 6:57 pm

Nice thread so far. You should keep it updated, and maybe add some things that aren't from HackForums, like YouTube videos.

Krule - July 15, 2016, 6:58 pm

Where did you find this pikachu? Was it on the start or did you find it near a power source of some kind? I heard rumors that they are located near power installations.

Klima - July 15, 2016, 8:10 pm

Don't mind me, just an honest man, I'm posting this post just to get the award, and I'm pretty sure I'll stay all night :p

Wish me good luck

Energy Wizard - July 15, 2016, 8:13 pm

DamienVC - July 16, 2016, 2:41 am

Thanks for the useful thread, have been linking it to whoever's been asking for help on HF. You should also include the mythbusters thread imo

Confound - July 16, 2016, 9:02 am

Definitely very helpful guides linked in this thread. Ill be sure to come back to this and use it as a resource the next time I play. As much as walking around is the point of the game, I wouldn't mind not having to run around everywhere for good pokemon :)

Goat - July 17, 2016, 3:27 am

Thanks for the feedback fellas!

I'll update the thread as fast as I find something new or get any requests.

Regards,

Arya Stark.
