Thread: [What would be your intro song?](#)

Aura - July 15, 2016, 4:50 pm

So let's say that everytime you were to walk somewhere, a song would start out of nowhere so everyone could hear it, your introduction song. Which one would it be? It have to come from an Anime, obviously. This would be mine.

Hm, no idea actually, never got into anime instrumentals as often, however I guess it'd be either of these two:

1) If I'm calm (went looking around and found this, actually nice to listen to):

2) If I feel the sudden urge to muster all my energy: >:D

Just found this on YT, if I ever felt like walking into a room and getting the gangsta vibes I'd use this:

Yes, Hokuto no Ken! Still need to finish the original series although I did watch the 3 OVAs they made a few years ago.
