The Simpsons are a great show, because many of its story lines are relevant to current issues and bring humour to them. I haven't watched it in a while, but eh.

THC - July 18, 2016, 10:01 am

The Simpsons is a great show because through the presented imagery surrounding the main protagonist, Homer J. Simpson, it is generally implied that extreme alcoholism within our modern day society is socially acceptable.

The Simpsons is a great show because it's been running for such a long time with amazing success. It has covered every topic and even predicted shit.
