Sigma - July 18, 2016, 9:23 am

Post a screenshot if you can, I want to see!

randomUsername25214 - July 18, 2016, 9:24 am

Charmander and Horsea IDK if they are special

• **Kyle** • - July 18, 2016, 9:24 am

My rarest pokemon I believe is my Lampras. It sometimes holds down the gyms for about 5 hours until someone comes in and whoops it with some weird pokemon.

Xerotic - July 18, 2016, 9:27 am

My rarest right now is probably an Omanyte. It isn't very strong though. My friend has a powerful Aerodactyl though!

Omoi - July 18, 2016, 9:32 am

I got a Magnemite an hour ago that is pretty rare.

Vibe - July 18, 2016, 9:34 am

Judging by some of the charts I've seen, I'd say Rhyhorn is my rarest. However I didn't see all of the pokemon I have on the charts.

SW0rDFish561 - July 18, 2016, 9:45 am

Was able to capture a wild magmar, jigglypuff, machop, magnemite, onix, seadra, Tangela, Polywhirl, ivysaur, dratini, gastly, squirtle, charmander, ponyta

Sigma - July 18, 2016, 9:45 am

Where did you catch these? Just around your area?

Vitani's Mate - July 18, 2016, 9:50 am

My most rarest would probably be my Dratini which I found today. lol Almost 200 CP as well. I hope to find more so I can evolve it.

Dark4512 - July 18, 2016, 9:50 am

I have a sytther from an egg

Pillows - July 18, 2016, 9:51 am

The rarest that I have is a Jynx from a 10k egg. I was pretty disappointed to see that's what I got for walking 10km.

Grim - July 18, 2016, 9:53 am

Sadly i have like no rare ones, rarest i got was a squirtle yesterday which is not even that rare. But i can almost evolve my pikachu :Blackhat:

An?iety - July 18, 2016, 9:53 am

I have a hitmonlee :) lol

Corpse - July 18, 2016, 9:54 am

Dude I'd be glad to even have a Jynx. The rarest thing I have in my inventory is a Pidgeot.. That's all that's around me are fucking Pidgeys!

Tyler? - July 18, 2016, 10:03 am

I got a Porygon from a 5KM egg a couple days ago.

Now I just need to power it up. Plan on using it on a gym so there's something other than Eevee evolutions around here on the gyms.

Sigma - July 18, 2016, 6:59 pm

Damn a Porygon and a Jynx, that is sick!!

?lack Hat™ - July 18, 2016, 7:16 pm

I don't know if any of these are rare, i'm fairly knew. So i'm gonna put the ones i think are rare.

Bulbasaur

Squirtle

Clefairy

Jigglypuff

Meowth

Ponyta

Koffing

Tauros

& finally what i think is the best and most rare is my cp 10 magikarp

Soulmate~?? - July 18, 2016, 7:27 pm

I really don't know what's rare but I have a few Electabuzz, Jynx, and Chansey.

(Jul 18, 2016 09:32 AM)Omoi Wrote: [\[CITE\]](#) I got a Magnemite an hour ago that is pretty rare.

I don't think that these are rare, I have 21 candy for them and still a few I haven't transferred

Damn that sucks I got an Aerodactyl from my egg but at least Jynx is still sort of rare

Sigma - July 18, 2016, 7:29 pm

An Aerodactyl is pretty good to. I would be happy if I had that.

aFriendOfMolly - July 19, 2016, 1:09 am

A pikachu :(just begun playing Pokemon go

630 - July 19, 2016, 1:21 am

Most rare? I've got a few that are rare to me at least. Hatched a Ponyta a few days ago. Only seen one in the wild. Also hatched a Kabuto, but haven't seen any in the wild. I hatched a very nice Electabuzz and have only seen one in the wild so far. Last would be the Snorlax I found when I first started playing.

Sigma - July 19, 2016, 3:48 am

Wow I have not even heard of anyone having an electabuzz.

• **Kyle** • - July 19, 2016, 3:50 am

My irl friend was the first one to mention electabuzz to me, I think I have one also but I barely use it because most gyms around me have nothing that can get whooped by it.

Sigma - July 19, 2016, 3:53 am

Yeah I undertake that. Still pretty cool to have though.

SW0rDFish561 - July 19, 2016, 7:44 am

Update: Found a wild Dragonaire, and yes all these were caught literally 5 minutes down the street from me in downtown. Yesterday was a very popular day for PokeGo and had masses of people frequenting downtown. I also was able too hatch a rhyhorn from a 5km egg, and a mutha Effin CuBone!! I have almost every starter poke besides Pika-chu so ill see how this hour long poke venture turns out prior too school! ill post a screenie later of my pokes!

Messiah_ - July 19, 2016, 7:47 am

I got a Gengar right outside my house yesterday, I haven't seen anyone else besides for youtubers having that.

Confound - July 19, 2016, 7:52 am

Lol its funny how OP asked for screenshots maybe, and not a single person posted screens :(But that said, yeah I don't think I have any solid rare pokemon. Then again, maybe I do and I don't even know. I am not that familiar with pokemon, so I just get happy when i find anything that I haven't seen several times before. Maybe ill take some screenies later today and ask y'all about em.

JavaDriveBy - July 19, 2016, 7:53 am

My best pokemon is a Gengar.

Roytoy - July 19, 2016, 7:55 am

The rarest Pokemon I got so far was Pika. I know right?
I just walked away from the first 3 Pokemons 3 times.

Sigma - July 19, 2016, 9:25 am

Gengar is pretty rare. I would like to find one of those.

The Silenced - July 19, 2016, 9:37 am

Rarest that I have right now is magmar, I don't really even know if he's considered rare. Once I get grinding I'm aiming to catch mew, or zapidos. I heard someone found the code in the game and the legendary birds are in it.

ra1d - July 19, 2016, 9:39 am

Just got a charmander!!

Fkn hyped Brothers!!

Link: <https://imgur.com/9zUGd06>

Gonna get some other crazy Ones soon hopefully!!

Yin Yang - July 19, 2016, 9:41 am

Catching a Gengar would be pretty dope- He's one of my favorite. I don't play Pokémon Go though. I don't have enough time for it and work all day. Also OP said to screenshot your Pokémon.

Yaaay! Finally the first person to post a screenshot. Looks great and congratulations on the catch. Make sure you keep training it until it becomes a charizard. Then take another screenshot :)

YinYang - July 19, 2016, 9:47 am

Sigma - July 19, 2016, 2:33 pm

Wow I have never seen anyone have a porygon. Especially the day after you got the game. You must have been like, "What the hell is this doing here?" Lol

Predation - July 19, 2016, 5:01 pm

I got a ditto I don't know if that's rare or not.

Zackii - July 19, 2016, 5:14 pm

Tauros, Dratini, Aerodactyl, Kingler, Golem, Golduck, Onix

Vince - July 19, 2016, 5:27 pm

Everyone over here linking all these pokes I have yet to see, and the rarest one I end up getting is a damn Flareon.

Fire - July 19, 2016, 5:42 pm

I'd say my rarest one has to be my Kingdra, I'm pretty unlucky when it comes to capturing them thus far...

R3gulate - July 19, 2016, 5:44 pm

Are Porygon's rare to come by? I received one the other night from a 5k egg. Other than that I have a few Snorlax's.

Knucklez. - July 19, 2016, 5:52 pm

Spoiler ([Click to View](#))

Hatched from 10km egg.

Also have Aerodactyl, Jynx, Hitmonchan, Snorlax, and Scyther. - All of those were from eggs.

Would you mind telling me your trainers rank? I'm curious if the CP from hatched eggs depends on your level.

Level 21, almost 22. I'm almost positive it does matter. I suggest saving your 10km eggs until you're a higher level. Lapras hatched at 1700 CP and my jaw dropped. :)

!?g?? yaga?? - July 19, 2016, 6:00 pm

Dragonair is my rarest, cant post screenshot now.

.Astro - July 19, 2016, 6:01 pm

Based off my area, so not sure if it's rare for you guys, my rarest are ..

Onix, Psyduck, Poliwag, Cloyster and Squirtle.

Mr. Corleone - July 19, 2016, 6:02 pm

?XiS - July 19, 2016, 6:23 pm

I can't lie to you, the rarest Pokemon I have right now is probably a Pidggy. Just haven't had any luck tbh.

Larsenpower - July 19, 2016, 6:25 pm

I used the walk-away 4 times bug in the beginning to catch a Pikachu <3

Except you didn't and that's horseshit. He's not even in the game.

Also, just to add to this - [This shows what is possible in each egg.](#)

I am literally on the same page as you. I cannot seem to find any rare pokemon around my area. I even traveled to my second home in New Hampshire and still didn't see anything special. I think you have to live in the city to get the really rare pokemon. Otherwise we are out of luck for now until they update even more.
