Thread: [How far have you walked?](#)

T??????? - July 19, 2016, 9:23 pm

I was wondering on how far you guys walked since the game been out? Its only been a week and i already walked 70km (43 miles) and it not including all the times the servers were down.I'm surprised a game can actually make me walk this far in one week!

I've walked 11 km and like 5 km was probably just from driving to another city to get liquor and driving around a little bit for Pokestops near the downtown area of my city. I'm only level 8 I guess. What level are you since you've walked 70km?

22 miles this week.

Only because I've been a lazy fuck and live in a small town with shit pokemon.

According to my phone I have walked 49.02 km while playing Pokemon Go. Not sure how accurate it is. I know some of the achievements are glitched out. My youngster achievement is fucked. Only says I've caught 40 Ratata when I've caught ~300+.

How do gyms work? I'm part of the Mystic team, I've seen some blue gyms around my area, do I just go there and register one of my Pokemon over there? Do they automatically fight other guys or what's the whole concept of training your Pokemon at the gym?

turn on my game so I could catch some random Pokemon that is nearby. I've caught like 2 unique today when I went out to a new park with my girlfriend.

You can add a Pokemon to it if there's an empty slot, but I think it caps at gym level 6 where you can only have 6 pokemon at a gym

Says I have walked roughly 25km but I dont see how this is possible considering the amount of eggs I have hatched.

Pretty sure the counter for some of these achievements is a little off...

Lets say i want to take over a gym that is around LVL 3. First Step is to get in range of gym you want to attack. You pick your best 6 Pokemon that you want to attack with. Then you press fight and battle the Pokemon that have placed by the other teams. Now lets say you won and beat all 3 Pokemon(heal all your Pokemon)...but you still have to fight 2 more times until there aren't any Pokemon left in the gym. Now after doing 2 more times (dependents on lvl of gym) and wining ever battle, you'll be able to claim that gym for your team(the gym will turn white until you claim it). To claim the gym there should be a button on the left side of the screen at least for me it is (If you are in a populated area, someone might steal your gym even though you did all the hard work... i know what a dick that person is). Now It will ask you to put in one of your Pokemon(i recommend the highest cp and hp Pokemon you have). Once you put in your Pokemon he cant be used in another gym or used to fight. Hope this helped!

IF you need more information about gyms just ask bc there is a lot more information

If you leave the area...your Pokemon will stay at the gym and fight until someone takes over the gym. Good thing is that you don't need to go back to the gym to get your Pokemon back. Your Pokemon just need to be healed!!

Someone from your team has claimed a gym and you want to help out.(make sure it isn't full) if it is full then you cant place your Pokemon. If it isn't then you should be able to put a Pokemon in that you want to defend with.

Hope this helped out!!!!

I go to the park or outdoor mall, both are stacked with pokestops and pokemon, I just walk laps catching all the stops and mons. I got to level 20 in about 3 trips

I don't know how accurate this is but it says I have walked nearly 17 miles. Damn, that's crazy Imfao!

I've just had a look and it says I've walked over 90.5Km since I've used the game. And that's only the time it's been open.
