Thread: [RealMafia / FeedBack Thread / 1000th Post](#)

Uploader.sx - July 24, 2016, 1:50 am

Hey everybody, so this is my 1000th post, I decided to make a feedback thread.

I joined back in 2014, and got negatively repped by alot of ub3rs, just like alot of the new members. But now I am enjoying HF, meeting new people and I gotta say, this site is so good. I made some suggestions and was hoping to get them accepted, but unfortunately they got rejected. I will keep making suggestions to make this site better than it is.

Sections Feedback:

The Lounge: I've pretty much enjoyed all my time there. (Not my first few days tho xD)

Beginner Hacking: I used it for the very few days when I first came here, but now all I see is "Help me hack my wife's facebook, I think she's cheating on me" << New Account, Posts Count: 1

Website and forum hacking: I liked the sql challenges there and got helped by some members. I really appreciate it.

Photography 101: I like this section a lot, but it's dying now. Unfortunately.

Innuendo: I really like the people who use that section.

Secondary Sellers Market: I sold my first method there. And got some nice sales. I got l33t because of this section :D

White Hat Malware, Virus, and Rat Removal Help: Asked for help once. They really helped me. Thanks guys !?

Staff/Admins Feedback:

[Sam Winchester](#) - Hats off ? Helped me alot, whenever I PM him, he answers directly. Thanks.

[King of Hearts](#) - Never had a talk with you. Looks like a nice guy.

[Skorp](#) - I think I contacted you once. Nice guy.

[Omniscient](#) - No words can describe you. May God protect you and your family. ?

Well good thing you weren't trying for an award with this feedback thread, because right now its a .5/10.

Just sayin.

I don't think you understand the meaning of a feedback thread.

This was a decent shoutout thread. Looking forward to your feedback thread whenever you decide to make it.
