Why should you use this FREE service?

- Level UP fast!
- Receive many more items and eggs!
- Get more and better Pokemons!

I can't promise how long I'll boost your account.

It will be a least 30min and can take up to 10hours for example, depends on if I'm sleeping, working or if I'm home doing nothing.. or if there are many more people who wants to make use of this service too.

It could be that you need to wait before I'll boost your account.. Please accept this and be patient!

I'm doing this service for the people who can't do this by themselves.

I hope I can help you guys out with this FREE service!

Post on this thread or send me a PM and we will make your account ready for boosting!

Ofcourse I'll let you know when I'm done boosting your account via PM or Skype!

There are a few things I need to know before I can boost your Pokemon GO account

- Latitude
- Longitude
- Google/PTC
- Google.com device code/PTC Login

NOTE I'm not responsible for anything that happen to your account!

You can also create a new account (prefer Gmail) and use that account for this FREE boosting service!

Q/A

Spoiler [\(Click to View\)](#)

Q: What level will I be when you're done?

A: I can't tell you what level you'll exactly be after the boosting is done. Depends on the level your account is atm. If you use a new account for example it's very fast Level 10 or higher!

Q: What Pokemons will I have when the boosting is done?

A: I can't tell this either.. All the accounts I have boosted till now all have at least a few nice and good Pokemons above 1k CP.. But I can't promise anything!

Q: What items or how much of each will I have when the boosting is done?

A: This is also something I can't tell you.. It depends on what you'll get from the Pokestops etc.

Q: Can I be banned if I use this boosting service?

A: All the accounts I have boosted so far are not banned at all. There are 2 bans you can get: Perm ban and a Soft ban. The only thing you'll need to do is.. tell me the correct Latitude and Longitude and you'll be fine for now!
