TrinityUK - August 1, 2016, 1:38 pm

I bought and paid for 350 GEO targeted bots yesterday and they were supposed to start about 12 hours ago which hasn't happened so far, Also the OP hasn't responded to me on skype to let me know whats going on even though he's been online in both Skype and HF and the flow is 12 hours overdue so doesn't look good.

I'll update this if the situation changes.
