Do you know if this bot allows us to use our Lucky Eggs for 2x exp? I've got 5 of them I'm looking to use and I heard necrobot can do it?

I don't see the parameter for the lucky eggs? Is it in the version 1.0.0 or is there an updated version?

Oh shit my version is way outdated. Didn't see the 1.0.4.2

The updated version - <https://github.com/NecronomiconCoding/NecroBot>

```
<Setting Name="useLuckyEggsWhileEvolving" Type="System.Boolean" Scope="User">
<Value Profile="(Default)">False</Value>
</Setting>
```
