Thread: [New experiment... Earned \\$65 in first hour! \(\\$495 in a short time!\)](#)

TheVBScripiter - July 26, 2016, 7:10 am

Hey you guys,

Going to sell this method, including tips & screenshots!
Reserve a copy now - Only 5 Copies will be sold!

Prices per Copy:

1st, 2nd and 3rd: \$50

4th: \$60

5th: \$75

What's with the high prices?! I'll be showing you a method including screenshots and tips, which took a lot of time to write properly

I received over \$175 Amazon Gift Cards thanks to this little traffic only

I got paid \$245 from 1 UK guy (9 payments in 6 different days)

I received over \$320 PayPal since my experiment (with almost no effort)

I don't think that less than \$50 is fair if you compare it to my earnings

I only sell it 5 times, so it won't be too "popular" here, which will ruin it for sure

I wrote this "method/eBook" for advanced users only, you can't make money if you can't understand this "art"

It's only 50 bucks, that's 10% of what I made in those days (\$495 approx)

DON'T WAIT TOO LONG - 6 COPIES ONLY - RESERVE NOW

PM ME YOUR USERNAME & I RESERVE A COPY FOR YOU!

Not here to brag/show off, so I'll post this thread in the E-Whore section.
Anyway. I started a new "experiment". I was tired of E-Whoring with "kiksexting" boys who are too cheap to pay.

I advertised for a few days, analysed a lot of accounts, so I had a nice example of what do to/expect.

Here's proof of the advertisement results:

<https://gyazo.com/ecadf0dff45cf7a04bdc3ab6a757d54c.png>

EDITED:

\$110 so far (with only a few chats, while playing games/eating dinner).

<https://gyazo.com/eb74c72d6cfccaa0d66103326f6fd099.png>

\$50 from 1 guy, for 1 video... And I can send the video tomorrow (no trust issues, well paying and respectful guys!).

This is NOT to brag about my earnings (because \$50 isn't much) but because he paid \$50 for 1 video!

These people are HQ, well paying and a lot more trusting than "regular" kik members.

Anyway, I will continue my work. No need to brag about my earnings. It's clear now that my experiment is a success for now ?

Just wanted to share my happiness thanks to these 65 bucks, not because it's much, but because it was easy money!

Although I edited the photo, it's 100% real. Don't believe me? Your issue ??

I just wanted to show you guys that even if you're high as fuck (yeah I was baked) + tired of all those timewasting kids who act like they're buying, you CAN think of great ideas.

It took me a few days to think about something like this, but I'm already satisfied with the results. ?

I just wanted to show you that thinking "outside of the box" is a good thing.

I'll try to make more money, once I got more traffic (learning how to build / scale this up) and I'll post some more photos in the bragging section if it's going well! ??

Check out my latest post to stay up-to-date!

THIS GUY OFFERED ME \$50 for 30 SEMI-NUDES!

<https://gyazo.com/76c06fb1defdd71bbb191eb001d0902f.png>

He paid: <https://gyazo.com/12f907da1ac1d3c7bb48d44f93b7785c.png>

That same guy paid \$220 as total amount (in those few days)

\$170 of those \$220 are FOR FREE / AS A GIFT!

Nice earnings in a short period of time.

65\$ in 50 mins that's amazing dude, Hopefully you can give us a little bit more info on the method or maybe you can sell it

(Jul 26, 2016 07:13 AM)Evanescent Wrote: [\[CITE\]](#) Nice earnings in a short period of time.

Thank you, but it's not about my earnings. It's about thinking outside of the box.

I made more in an hour, but I'm really happy that I see results this fast, with a method which I first thought of as being "sketchy" or "not working".

I tried, advertised, chatted with the admin (to ask him tips "how this works hihi") and he explained.

50 minutes later. 2 packs sold (same guy, but different name, because he got more than 1 PayPal addresses).

Testing out other guys now + advertising a bit (not much traffic with this method) and I'll see how it goes from there!

Thansk for the reply! ?

(Jul 26, 2016 07:15 AM)jfm-8 Wrote: [\[CITE\]](#) 65\$ in 50 mins that's amazing dude, Hopefully you can give us a little bit more info on the method or maybe you can sell it
Thanks haha, it's NOT about the \$65 in 50min (cuz I earned more in the past). But \$65 in 50 minutes RIGHT AFTER I advertised on my "experiment", that's a huge achievement for me (instead of the regular "can I see a nude as preview" or "u fake?" noobs).

This guy added me. Talked about nudes. I said "you know you have to pay" he said "\$25 to start off with, more will come?".

I agreed and he paid. Simple as that. He asked what my other nudes costs and bought a \$40 pack. "Stop or I'll fall in love" is what he said.

So overall: 10/10

- nice guy
- fast paying guy
- can't get enough of my nudes

?

Sorry, you got 2 open scam reports (2 out of the 4 are still open).

I don't send tips to scammers, I haven't read the threads, so please don't tell me about it.

I hope you can earn some money with E-Whoring, because it's hard indeed.

Especially with all the scammers/time wasters. ?

Tried this (last 2 days of resourcing) + advertising today and it went really well ?

I don't know what you're talking about when saying "soon it'll end up becoming an actual autopilot method", because it won't.
There is no such way, doing this method.

I'm not looking to E-Whore on automated pilot, since it's still an illegal thing to do (right).
I was just trying to find another method that works, but with less effort and more profit.

I get money from USA/UK/GE mostly. The rest is just random (india, canada, etc).

Anyway. Try to find something that you're good at doing.

Example: If you're good at proving yourself as being real, ask "\$1 per proof pic ;) REAL deal here!"

Or if you're good at getting videos about feet, post ads like "HOT feet vids, come enjoy my toes" (or something ?)

I'm trying to say that you should use the advantages of your skills and charge for that.

I found my "thing" and it's going well so far. A lot of respectful guys (even paying me when I'm offline).

Asked the guy when I woke up, if he wanted some nudes. He didn't.

Anything in return? He didn't. As long as I was happy, he said, so that's going well.

Invested €10 (\$11 - \$11,50) to see if it'll help me (since it's free money/investment anyway). I'll update once I'm more experienced about this.

No, that's pretty well-known.

That's an old method (used CPA for al long while, which ended in 2014).

Also, I don't think that network will be happy if 80% of the leads are scams (because guys who are buying nudes/etc do NOT want to get subscribed to a monthly payment).

Anyway. I understand why you asked it, but no, I do not. ?

Forums? U mean the CPA category, then yes I've been active for a few posts there.

You don't need a big investment + insta accounts to start, that's only recommended when starting with PPI.

CPA should be done (if you got \$0 investment budget) with YouTube + a free landingpage and as soon as you can afford a domain, upgrade to a .com for a HQ look.

I could write a freaking eBook about what I know, done, seen and experienced in my "CPA career". But I prefer to work on my own projects for now and experiment a lot.

So sorry fam, but there are 100 ways to Rome, and 1000 ways to start CPA ?

It's not about what road you take, it's about the journey to the destination and the great feeling om achievement once you reached your goal. So don't look for a road to walk on, get ideas to create your own road and start building there! ?

I asked him why I deserved that, he said "Nothing sweetie. Just felt like it".

So far I've collected \$175 (PayPal/Amazon) for NOTHING. (this does not include the nude/video sales/earnings).

I invested today \$2 for traffic and it wasn't really worth the investment (in my opinion).

So I learned a lot, earned a lot and laughed a lot.

I will update any important "changes" or "happenings" soon.

If you think this is fake, please check the exact time stamp of his message (6:16) and the arrival of the email (6:16).

I'm not going to show any videos/gifjes to proof my earnings..

If you really think I'm lying, send me a PM and I'll show you over Skype ?

Although I am a bit suspicious about your account, I'll tell you what I use anyway.
I'm using @yahoo.com, @mail.com and @gmail.com

I'm experimenting with several things at this moment, but yes. The screenshot you saw was from @mail.com (amazon gift cards are sent to that email address).

I got several @mail.com emails, 1 @gmail.com and 1 @yahoo.com.
Anyway. Not going to tell how or why I use it. I just do. ?

I wasn't trying to dox or anything. I just notice alot when people post screenshots of their earnings they use mail.com accounts. I'm not a hacker / doxer. My rep may seem small, but I will build my way up through HF.

Good luck with that. I'm going to smoke a nice blunt now to celebrate my weekly revenue so far ?

Achieved a new level of selling nudes

A guy hinted that I should sell him more nudes of me

Read more here (show screenshot):

<https://gyazo.com/90076f7bbff153a19d51824dbbcd03e4.png>

He said: "Maybe you can sell me some more pics".

Because he felt bad that I was doing groceries yesterday (my excuse for being offline for an hour or such, I had a visitor at home and didn't wanted to "work").

Anyway, he feel bad for me, so I'll see once he's home what I can do for his mood & my bank account ?

HE OFFERED ME \$50 FOR 30 SEMI-NUDES!

he paid: <https://gyazo.com/12f907da1ac1d3c7bb48d44f93b7785c.png>

Will update more soon!

I created this thread to show/brag about how easy this money is compared to the kiddo's who keep annoying you for some free pics / spending \$25..

Thanks for the feedback tho, I was really happy with those \$20 extra yesterday in those 5min (spent it all tho) hahaha ?

I had this and this guy paid me over 1000\$ but i cant send him any nudes anymore because he has all of them lol i did a rly risky thing and sent them nudes of another girl without face and he tried to question but i played it off by saying that i used my friend her iphone to take nudes

(Aug 3, 2016 06:28 AM)Maurice. Wrote: [\[CITE\]](#) Good for a beginner I suppose ?You did NOT read my thread...

1. I'm NO beginner (started in November and made more money than I'd like to brag about here).
2. I'm experimenting with a NEW method (I received \$225 so far WITHOUT sending any nudes / products / doing services).
3. Please read my thread before you post. I'd appreciate that more than a plain compliment which is almost an insult (because \$65 isn't much, it's about the method HOW I got that money, not about the amount of money).

So don't "I suppose" me, please. I find it offensive. I know how to earn with E-Whoring, I wrote my own e-Book and sold it often. I helped out members to start / increase their earnings with E-Whoring, so please, don't post an irrelavent compliment to a thread if you haven't read it. ?

P.S. Don't believe how much I earned? I wasted 5 PayPal address already (5x \$2500 limit) + bitcoins + AGC converted to BTC and spent at Amazon. So if you doubt me / think that I'm a "beginner" please check out my threads... ?

"I had this". Sorry you did not...

You got no clue what I'm doing at this moment, also the "method" you describe is already used by many members.

I call it "friend-whoring", when you run out of nudes, you just sell another girls nudes who is your "friend" but a bit shy or "new to all this" or you are just "helping her out to start ;)".

Sorry to say this, but it's an old method and I'm not using this. ?

@ALL:

Please read my thread properly before replying. I get plain compliments about my earnings while this is:

- an experiment about a METHOD
- money I earned with this method, so it's NOT MUCH compared to my other e-Whore earnings (it's easier + no headaches + no kids anymore, but it's NOT the jackpot)

So do me 1 favor: Please don't post here things like "nice earnings" or "good money you made there" if this is about my method and NOT about the amount of bucks I collected doing so far.

Just showing/telling you about my revenues so you can imagine what these guys are spending at a person without even asking for nudes.

So far I earned over \$200 without sending 1 nude... So it's NOT about those \$200 but about the \$200 that I earned WITHOUT sending nudes or anything else.

Thanks for reading & thanks for all the feedback ?

(Aug 3, 2016 06:34 AM)Natha Wrote: [\[CITE\]](#) Do you use a throw away PayPal and transfer, or what's the deal?

Also, give us some more on the method, well, obviously traffic source as you're using a public method. :)

No I use 1 Business account from USA (used this for years, for e-Whoring, online sales, etc).

After I collect the money at my "E-Whore" account, I transfer it to my main account so I can exchange it for BTC without worrying about any claimbacks/ limits or issues from PayPal or any customers.

So like this:

1. Guy 1 send money to E-Whore PayPal
2. I deliver / thank him (depends on what the deal was)
3. I send my money to my real / main verified account
4. I exchange that money for Bitcoins or..
5. I use the PayPal money to order online things

That way I don't have to worry about any claim backs / scams, because once my money reached my real verified account, it's good to go.

It's not a public method, it's a method that I only read about once before and as far as I recall it's not even from here.

Anyway. I won't share anything else about this method.

All I can say is:

- people are paying you without getting nudes
- some guys got a really high budget (like sugar daddies)
- the traffic is slow, but well paying
- it's NO big jackpot, it's just easy money earned

Thanks for your reply anyway?

If you can make that much in an hour you should quit your job and do it full time.

Why don't you withdraw all your cash from this new "method" and post a picture with a timestamp?

1. This is an experiment
2. I'm jobless since May 2015, this is what I do for 90% of my income
3. Why don't you just go f*ck yourself?

Guys that bought my AGC + exchange PayPal to BTC know that I'm earning well.

Also.. not that it's ANY of your business... but the money that I earn goes to:

- bitcoins --> bank
- paypal --> casino
- paypal --> food
- paypal --> order stuff online (for myself)
- paypal --> order stuff online (for friends in exchange for cash)
- paypal --> investments

So, maybe, I'm NOT interested in showing off my money to prove a multi-accounter that I do earn amazingly well lately ?

What makes you think i'm a multi-accounter? I signed up here to laugh at you fucking skids.

If you want to make real money go to the AB Forums ;) You will have to use an onion to get there.

1. How is a 22 year old a "skid"
2. I asked you politely to f*ck yourself and here you are again
3. I do make "real money" I don't need any forum for that
4. Stop replying to my thread, because you're jealous
5. I don't need any TOR browsers to make money... I only need TOR to do things that I'm not allowed to talk about

So to make it more clear for you. Stop replying to my thread and move on.

LAST UPDATE ABOUT MY EXPERIMENT

Asked for \$20 More (just "to shop 1 more time")

He replied that he'll do it.

<https://gyazo.com/dd9a37d7583fd95616cb4714d7d8db5b.png>

He send me this (\$25) < I replied to his princess with "\$25 and you're my king. \$20 and you'll be my prince for today ;)".

He thought that was funny and said he paid...

He did! \$25 received a few minutes ago.

<https://gyazo.com/e358b2d1d2dac844d5e467115a271142.png>

This guy paid me a total amount of \$220 in all those days! (\$50 for 30 nudes.. the rest for FREE):

<https://gyazo.com/7a70d23a7c269fa1717b719a4de0b6b0.png>

Largest amount: \$90 (\$20 + \$20 + \$50) at 1 day (2 August).

I won't post any updates anymore. I'm going to relax for a few days now, so I won't keep track of my experiment anymore.

I know now that it's really profitable, easy money and without any investments as well. That's all I needed to know.
