PokemonGo-Trader

www.pokemongo-trader.com

Definitely the biggest Pokemon Go shop out there right now!
Offering over 150 accounts and adding hundreds of new ones everyday AUTOMATICALLY!

Every account can be viewed in Realtime! This means when it catches pokemons, they will be automatically visible in the account on www.pokemongo-trader.com - This includes account statistics such as level, stardust & pokemons.

So keep an eye open for any rare pokemons that might appear in one of those accounts!

Note: Account will stop botting on purchase.

Every account is botted.

People that sell under 'bots used under pvt method', is bullshit. Be honest people.

All accounts are: PTC (Pokemon Trainer Club) and activated.

Account featuresNever had softban (100% GUARANTEED)

Lots of items in account

Most accounts go away cheap -> \$5 - \$10. Specials have different prices (ask me on skype).

Interested in any of those accounts listed at www.pokemongo-trader.com ?

Thanks for the vouch & Thankyou Coen.

Hope sales will go well :-)

DamienVC - July 27, 2016, 6:07 am

Added you on skype. Need accs with high CP: [Snorlax, Ninetales, Gengar, Alakazam, Raichu, Nidoking/Nidoqueen (low priority), Wigglytuff, Machop, Porygon, Dragonites/Gyarados]

Snuppert - July 27, 2016, 6:52 am

Please note that the 'Pokemon Trainer Club' login servers are currently unstable/offline. To check status:

<http://ispokemongodownornot.com>

Please note I can only sell accounts when PTC servers are back up.

Now I got a payment of someone and I'm unable to login to change the passwords due the PTC servers are down. I want to prevent this from being happened and running the transactions as smooth as possible.

My next batch of bots will be delivered with a random generated password. Therefor I don't have to change them after purchase. This makes it even more smoother.

y-y-youtoo - July 27, 2016, 7:02 am

I just sent you a message on skype mate.

DamienVC - July 27, 2016, 7:03 am

We're anxiously waiting for the PTC servers to be back up xD

Snuppert - July 27, 2016, 7:55 am

Heading home right now. Will continue to process sales in about 30 min (Hopefully PTC will be back up then).

kiNg OwL - July 27, 2016, 7:57 am

Sales continued, still waiting for PTC servers to get back online before I'm accepting any payments. Niantic, what kind of guys you hire? lol.

He is asleep. That's what it says on his site.

My transaction went smooth earlier

Im gonna give him a hr and scam report goes up

Mate, he has to go to work everyday, moreover he can't help you if the servers are down. Don't open a scam report man, wait a few more hours.

Snuppert - July 28, 2016, 3:13 am

I was indeed asleep as stated on www.pokemongo-trader.com earlier to prevent things like this. Contacted the person and gave him his account he pay'd for. Waiting for PTC servers to get back on again to let him verify the account.

Thanks Mountain Dew.

REFUND ME OR GIVE ME RIGHT ACCOUNT I HAVE PM PROOF I PAID FOR PIKACHU

You're beginning to annoy me. Talking in caps like that doesn't get you an answer to this more quickly. I still have a 40h weekly job. This is pure a sale thats came through 5 days of coding. I can't

answer everyone 24/7 directly.

When I gave you the account there was a Rachitu and Pikachu listed, what do you afterwards is your problem. You're the first that's not satisfied and everything seems wrong. You expect me to answer right after your comment, which is not going to happen.

I'm trying to get all satisfied customers. If you are 'really' not satisfied, I'd drop you a free account to get you there. But please, you're one of the types I'd prefer not selling anything to, cause there's always something wrong while every other customer is just satisfied.

Edit Seems like you didn't even read this comment before you did go crazy on Skype. I got blocked by this person. Tried my part, but you keep raging. Deal is over. and I'll be glad to send you a refund, then please get out of here after that.

Do it, you scream like a kid. Could care less about people like you.

Deal with it, hope you changed password. ;)

StuffSneak - July 28, 2016, 7:00 am

@OP it really is nice service you got there. But you should have autobuy in place instead of skype dealing to prevent such problems.

Thank you. I have been really thinking about this but haven't been come far enough to shutdown the bots once one has been bought. Probably spend my time doing that this weekend, but then I expand it with even more functionality.

You'll see next week :-)

I don't know what really did go wrong. As far as I know I sold him an account with Pikachu and Raich.. Anyway the problem has been resolved.

Gave him another fresh account, WITH Pikachu and Raich.
