Quote: Young Ciel Phantomhive is known as "the Queen's Guard Dog," taking care of the many unsettling events that occur in Victorian England for Her Majesty. Aided by Sebastian Michaelis, his loyal butler with seemingly inhuman abilities, Ciel uses whatever means necessary to get the job done. But is there more to this black-clad butler than meets the eye?

In Ciel's past lies a secret tragedy that enveloped him in perennial darkness—during one of his bleakest moments, he formed a contract with Sebastian, a demon, bargaining his soul in exchange for vengeance upon those who wronged him. Today, not only is Sebastian one hell of a butler, but he is also the perfect servant to carry out his master's orders—all the while anticipating the delicious meal he will eventually make of Ciel's soul. As the two work to unravel the mystery behind Ciel's chain of misfortunes, a bond forms between them that neither heaven nor hell can tear apart.

Since I created a thread for the second season, might as well create one for the first one.

Really good serie, I recommend it.

Just realized that this is a new thread and not an old thread like I posted in the S2 thread lol. Will just say as before that it was a good anime and that I too would vouch to watch it, although the creators did kinda boggle my mind too much with Spoiler [\(Click to View\)](#) making Ciel gender-questionable at times and similar situations haha.
