Thread: [This Is The End. Account Closure Requested! - Good Bye!](#)

Acceptable_TEMP2 - July 27, 2016, 12:29 pm

Hello guys, so I was recently banned on my account Acceptable. UID - 3057494

I made this temp account so I could say goodbye and give some feedback as well as request an account closure.

I was banned for being apart of the HFALERT team. I was the only staff member banned. The reason for my ban was ""HF Alert Staff? More like harassmt crew."

I don't see why I was banned. The thing I've noticed is people who do good are punished but the evil stay. but it had made me realize that I'm done with this site. I would like to thank all of you for the knowledge that I had gained through my time on Hack Forums.

Here are some members that are on my notable list.

YayHar
Purple Kief
The Grim
Fictional
Orgy
Black Shadow
Omniscient
Silicon Valley

The groups which are also notable are

The Rat Group Chat run by Kief

Nightmare

Royalty

Enigma

There are many more but those are the ones that I have come to meet on my time on Hack Forums.

This is my final goodbye. I would like my account as well as this temp closed.

Thank you and good bye.

Also please close the multi know as "Nightmaree" uid=3181322

He is very annoying.

"The good die young, and the bad die old."

Well, no use pondering over spilled milk.

Whatever happend it's in the past, Acceptable got his chance to be unbanned yet he decided to waste it for one reason or another.

I don't understand why did he decide to do that especially when SV himself claims he will be back sometime in the future.
