Designed a simple flat thread design using a black & red color scheme.
Let me know how I did.

This looks very good! I like it.

Guap - July 27, 2016, 6:42 pm

looks very minimal but a slightly darker red would look finer.

Yep, I was going for minimalistic theme.

Thanks.

cant really come up with anything besides that I dont like the red and would replace it with a blue

thats literally it, everything else is prime

Zen???????????????? - July 28, 2016, 1:34 pm

it's pretty cute but the red hurts my eyes a little.
At least when I was looking at the stroked boxes. Could be just me.

You can barely see the contact symbols. Maybe make them a bit lighter or have a thin white outline.

Fixed that in the blue version. Thanks.

Wow thanks man. Theyre really good. ?

Disco. - July 28, 2016, 2:37 pm

Oh shit this is fucking awesome.

RBane - July 28, 2016, 2:42 pm

Wow that looks really nice, if you really made that then good job OP!

woah that blue looks way better, pretty nice job OP.

M?xim - July 28, 2016, 3:55 pm

Clean! Only thing I would change is the pure black header color.

RBane - July 29, 2016, 7:45 am

I think the only thing you can do to improve the first one (Red/Black) is to change the color of the icons in the "contact" section, so that they will be more visible. Other than that I think that this design is A+

I like your thread design, but you need to add something in the background, this is what i think.

Good Job.
