Thread: [PokeGo Paradise | NEWLY REVAMPED - 60 + MEMBERS - Awards - Credit System - ACTIVE](#)

Brewin - July 28, 2016, 3:29 pm

I've been working on this for about a day now, there are far more things I want to do to it, but as for now I am releasing the forum to the public. Come sign up and join in on the future fun. I am going to be posting the link to this forum on 3 gaming niche groups on FaceBook I own and should gain considerable amounts of traffic via that source.

I look forward to having you.

Don't expect all or any of the graphics being used to still be used by the time the forum is completely done. I am currently redoing them and for the sake of completion I uploaded some randoms to keep the place of the finished products.

Bump due to lack of responses! Leave some feedback guys, I know it's not the best website though lol.

The logo and forum icons could use some work, nice domain though.

Wish you the best of luck!

Nerdi - July 30, 2016, 8:28 am

Well, I'll try to be constructive...

However, the logo needs a LOT of work. In fact, it needs to be deleted and replaced. The icons for each forum need to go as well. The logo and icons are very choppy.

Also, I don't know if anyone agrees with me, but this theme doesn't make me think of Pokemon at all. Bright reds, bright yellows and Pikachu make me think of Pokemon - not grass green and orange-red.

Anyways, I hope this helps.

Thanks for the feedback. I'm in between some designs so I am testing them all out! Thanks so much for the feedback!

We added another section about botting! Come over and join us!

Brewin - July 31, 2016, 6:55 am

Plan to offer full support on the bots in the very close future.

EDIT: Added sections for teams valor, mystic and instinct with a basic userbar for each.

Looks alright I guess, the background picture's quality is horrendous though.

Yeah lol, currently the aesthetics of the forum are being worked on. As for the base theme, that is what is going to be used. Thanks for the feedback!

The background image is a little blurry, and it's a bit too purple for my tastes, but overall it looks good.

I do like the blue forums though... Looks very clean and modern.

Good luck with the project ?

Brewin - August 2, 2016, 8:53 am

Thanks Nerdi. The background will most likely change. I am waiting on someone to answer me about making a HQ one. Also if anyone here sees this and is good with graphics shoot me a message!

Bump for updates : Added an awards system, flood check, minimum characters in posts, a bot section so if you have pokemon go bots we are PR 2 for the keyword "pokego bot" we will have constant traffic looking for that stuff so it would be a good place to advertise it. Paid or free we will take any contribution!

Brewin - August 7, 2016, 10:52 am

Bump, we are growing steadily, we have gotten plenty of search traffic and our forum is flourishing. Come either give us some suggestions to help me make it better or come join the awesome community we have growing.
