Vouch for this guy, excellent service.

RumbleFrog - July 29, 2016, 8:41 pm

I may need this for my summer work, hue.

Vouch for Stark! He offers quality homework services and will not let you down ?

Mons - July 30, 2016, 5:21 am

Big vouch for OP.

One of the few hw services I'd actually consider using.

Stark-astic - July 30, 2016, 6:04 am

Thanks for the vouches people :)

moros - August 10, 2016, 6:53 am

Will look into this soon! Thanks in advance!

Creative Cloud - August 13, 2016, 12:03 pm

OP do you do a 1 to 1 tutoring/help service? I have a math exam on the 23rd and am struggling studying some topics alone.

The topics I need help with are Laplace Transforms, Lagrange Multipliers and Stationary Points.

Can give past exam papers if needed to show you what I am facing. Currently in second year of an engineering-based ordinary bachelor degree.

HMU if you do this and a good price. Hopefully we can work something out.

With deep regret, no, it is not possible for us to do 1 to 1 tutoring service. Good luck for finding a good tutor as well as your exam

Stark-astic - August 17, 2016, 10:24 pm

Online and taking orders :)
