Thread: [Anime Subtitle Conversation Thread \[2016 Edition!\]](#)

SewDough - July 29, 2016, 1:19 pm

HELLO AGAIN BOYS AND GIRLS!

Remember that really old thread that we had going for 2+ years where we'd have an entire conversation using /just/ screenshotted material from Anime series?

example:

Spoiler ([Click to View](#))

This is the old thread. DO NOT POST THERE. NO GRAVEDIGGING!:

<https://hackforums.net/showthread.php?tid=1006937>

Well, let's start it up again!

To play, you simply need to grab a screenshot from an anime series you're watching, or one from the internet, featuring a subtitle of text that can at least, loosely match the conversation left off from the previous subtitle image.

I recommend using imgur.com as your source, as they likely won't ever delete your image, in the entirety of ever, and are usually up 24/7/365.

Let's begin!
